

Name: Michael Mudgett

Class of works: I am writing in support of Class #2 (DVD Region Coding):
Audiovisual works stored on Digital Versatile Disks ("DVDs") that are not
available in Region 1 DVD format and access to which is prevented by
technological measures.

Summary:

Disc name: AI: Artificial Intelligence, "Blow," "Amelie"

When I was stationed in the UK for military service, I purchased or rented
many DVDs, including but not limited to those listed above. However, I was not
able to watch them on my home DVD player (which I had brought with me from the
US). I had to resort to using my laptop. Many of the people on the military
base experienced similiar problems.
