Class of works: I am writing in support of Class #1 (Copy-Protected CDs):  
Sound recordings released on compact disc ("CDs") that are protected by  
technological protection measures that malfunction so as to prevent access on  
certain playback devices.

Summary:

Disc name: The Sixth Sense

This DVD, like many others from Disney, has material at the beginning that you cannot skip past. If I purchase a movie I should be able to view it in the way I choose, which includes skipping past promotional material. Copyright law, the DMCA included, is supposed to ultimately benefit the consumer, and in this instance at least it is clearly failing.
