Petitioner Institute of Scrap Recycling Industries, Inc. (“ISRI”) submits these reply comments in support of its February 27, 2015 comment requesting an exemption for Proposed Class 12:

Unlocking – All-Purpose Tablet Computers. ISRI notes that its proposed exemption for Class 12 was not opposed by any respondents. Because the proposal is unopposed and because it fully satisfies all of the substantive legal and evidentiary requirements for granting an exemption set forth in DMCA Section 1201(a)(1) and the Copyright Office’s Notice of Proposed Rule Making, the requested exemption should be granted without further proceedings.
