Incredible space with 10 double cabins, theater/conference room, and inside/outside dining for 16. The spacious aft deck affords plenty of room for all the amenities (Tenders, Jet skis, Sail Boats, and more). With *superb* styling, *unparalleled* space, and *exceptional* speed she eclipses anything in her class.

The Paracas 120 is perhaps *the most* cost efficient mega-yacht on the market today. While under sail she regenerates her lithium ion battery bank with proprietary hydro-electric turbines. In less than a day of sailing she stores enough power to run all of her systems for up to 10 days. All of this without an ounce of fuel. She is the world's first *sustainable carbon zero* mega-yacht!
