

## Card Layouts in the Copyright Card Catalog

Cards in the copyright card catalog are alphabetized by a **header**. A header can be the **author** and/or **claimant**, **title**, and sometimes **content** of a registration. This means often times there will be several cards for one registration number. Below is an example of a registration with three cards in the card catalog, an author card, joint author card, and title card. The items at the right illustrate the different fields that make up that card.
