### INSTRUCTIONS FOR DSE SCHEDULE WHAT IS A "DSE"

The term "distant signal equivalent" (DSE) generally refers to the numerica value given by the Copyright Act to each distant television station carriec by a cable system during an accounting period. Your system's total number of DSEs determines the royalty you owe. For the full definition, see page (v) of the General Instructions in the paper SA3 form.

#### FORMULAS FOR COMPUTING A STATION'S DSE

There are two different formulas for computing DSEs: (1) a basic formula for all distant stations listed in space G (page 3), and (2) a special formula for those stations carried on a substitute basis and listed in space I (page 5). (Note that if a particular station is listed in both space G and space I, a DSE must be computed twice for that station: once under the basic formula and again under the special formula. However, a station's total DSE is not to exceed its full type-value. If this happens, contact the Licensing Division.)

### BASIC FORMULA: FOR ALL DISTANT STATIONS LISTEE IN SPACE G OF SA3E (LONG FORM)

**Step 1**: Determine the station's type-value. For purposes of computing DSEs, the Copyright Act gives different values to distant stations depending upon their type. If, as shown in space G of your statement of accoun (page 3), a distant station is:

Independent: its type-value is	1.00
• Network: its type-value is	0.25
Noncommercial educational: its type-value is	0.25
Note that local stations are not counted at all in computing DSEs.	

**Step 2:** Calculate the station's basis of carriage value: The DSE of a station also depends on its basis of carriage. If, as shown in space G of your Form SA3E, the station was carried part time because of lack of activated channel capacity, its basis of carriage value is determined by (1) calculating the number of hours the cable system carried the station during the accounting period, and (2) dividing that number by the total number of hours the station sover the air during the accounting period. The basis of carriage value is determined by the total number of hours the station broadcast over the air during the accounting period. The basis of carriage value for all other stations listed in space G is 1.0.

**Step 3:** Multiply the result of step 1 by the result of step 2. This gives you the particular station's DSE for the accounting period. (Note that for stations other than those carried on a part-time basis due to lack of activated channel capacity, actual multiplication is not necessary since the DSE will always be the same as the type value.)

# SPECIAL FORMULA FOR STATIONS LISTED IN SPACE I OF SA3E (LONG FORM)

Step 1: For each station, calculate the number of programs that, during the accounting period, were broadcast live by the station and were substituted for programs deleted at the option of the cable system.

(These are programs for which you have entered "Yes" in column 2 and "P" in column 7 of space I.)

Step 2: Divide the result of step 1 by the total number of days in the calendar year (365—or 366 in a leap year). This gives you the particula station's DSE for the accounting period.

### TOTAL OF DSEs

In part 5 of this schedule you are asked to add up the DSEs for all of the distant television stations your cable system carried during the accounting period. This is the total sum of all DSEs computed by the basic formula and by the special formula.

### THE ROYALTY FEE

The total royalty fee is determined by calculating the minimum fee anc the base rate fee. In addition, cable systems located within certain television market areas may be required to calculate the 3.75 fee and/or the Syndicated Exclusivity Surcharge. Note: Distant multicast streams are noi subject to the 3.75 fee or the Syndicated Exclusivity Surcharge. Distansimulcast streams are not subject to any royalty payment

The 3.75 Fee. If a cable system located in whole or in part within  $\varepsilon$  television market added stations after June 24, 1981, that would not have been permitted under FCC rules, regulations, and authorizations (hereafter referred to as "the former FCC rules") in effect on June 24, 1981, the system must compute the 3.75 fee using a formula based on the number of DSEs added. These DSEs used in computing the 3.75 fee will not be used in computing the base rate fee and Syndicated Exclusivity Surcharge

The Syndicated Exclusivity Surcharge. Cable systems located in whole or in part within a major television market, as defined by FCC rules and regulations, must calculate a Syndicated Exclusivity Surcharge for the carriage of any commercial VHF station that places a grade B contour, in whole or in part, over the cable system that would have been subject to the FCC's syndicated exclusivity rules in effect on June 24, 1981

The Minimum Fee/Base Rate Fee/3.75 Percent Fee. All cable sys-

tems fling SA3E (Long Form) must pay at least the minimum fee, which is 1.064 percent of gross receipts. The cable system pays either the minimum fee or the sum of the base rate fee and the 3.75 percent fee, whichever is larger, and a Syndicated Exclusivity Surcharge, as applicable

What is a "Permitted" Station? A permitted station refers to a distant station whose carriage is not subject to the 3.75 percent rate but is subject to the base rate and, where applicable, the Syndicated Exclusivity Surcharge. A permitted station would include the following: 1) A station actually carried within any portion of a cable system prior

to June 25, 1981, pursuant to the former FCC rules. 2) A station first carried after June 24, 1981, which could have been

carried under FCC rules in effect on June 24, 1981, if such carriage would not have exceeded the market quota imposed for the importation of distant stations under those rules.

3) A station of the same type substituted for a carried network, noncommercial educational, or regular independent station for which a quota was or would have been imposed under FCC rules (47 CFR 76.59 (b),(c), 76.61 (b),(c),(d), and 767.63 (a) [referring to 76.61 (b),(d)] in effect on June 24, 1981.

4) A station carried pursuant to an individual waiver granted between April 16, 1976, and June 25, 1981, under the FCC rules and regulations in effect on April 15, 1976.

5) In the case of a station carried prior to June 25, 1981, on a part-time and/or substitute basis only, that fraction of the current DSE represented by prior carriage.

NOTE: If your cable system carried a station that you believe qualifies as a permitted station but does not fall into one of the above categories, please attach written documentation to the statement of account detailing the basis for its classification.

Substitution of Grandfathered Stations. Under section 76.65 of the former FCC rules, a cable system was not required to delete any statior that it was authorized to carry or was lawfully carrying prior to March 31 1972, even if the total number of distant stations carried exceeded the market quota imposed for the importation of distant stations. Carriage of these grandfathered stations is not subject to the 3.75 percent rate but is subject to the Base Rate, and where applicable, the Syndicatec Exclusivity Surcharge. The Copyright Royalty Tribunal has stated its view that, since section 76.65 of the former FCC rules would not have permitted substitution of a grandfathered station, the 3.75 percent Rate applies to a station substituted for a grandfathered station if carriage of the station exceeds the market quota imposed for the importation of distant stations.

# COMPUTING THE 3.75 PERCENT RATE—PART 6 OF THE DSE SCHEDULE

- Determine which distant stations were carried by the system pursuan to former FCC rules in effect on June 24, 1981.
- Identify any station carried prior to June 25, 198I, on a substitute and/o part-time basis only and complete the log to determine the portion of the DSE exempt from the 3.75 percent rate.
- Subtract the number of DSEs resulting from this carriage from the number of DSEs reported in part 5 of the DSE Schedule. This is the total number of DSEs subject to the 3.75 percent rate. Multiply these DSEs by gross receipts by .0375. This is the 3.75 fee.

### COMPUTING THE SYNDICATED EXCLUSIVITY SURCHARGE— PART 7 OF THE DSE SCHEDULE

- Determine if any portion of the cable system is located within a top 100 major television market as defined by the FCC rules and regulations in effect on June 24, 1981. If no portion of the cable system is located ir a major television market, part 7 does not have to be completed.
- Determine which station(s) reported in block B, part 6 are commercial VHF stations and place a grade B contour, in whole, or in part, over the cable system. If none of these stations are carried, part 7 does not have to be completed.
- Determine which of those stations reported in block b, part 7 of the DSE Schedule were carried before March 31,1972. These stations are exempt from the FCC's syndicated exclusivity rules in effect on June 24 1981. If you qualify to calculate the royalty fee based upon the carriage of partially-distant stations, and you elect to do so, you must compute the surcharge in part 9 of this schedule.
- Subtract the exempt DSEs from the number of DSEs determined in block B of part 7. This is the total number of DSEs subject to the Syndicated Exclusivity Surcharge.
- Compute the Syndicated Exclusivity Surcharge based upon these DSEs and the appropriate formula for the system's market position.

# DSE SCHEDULE. PAGE 11.

## COMPUTING THE BASE RATE FEE-PART 8 OF THE DSE SCHEDULE

Determine whether any of the stations you carried were partially distantthat is, whether you retransmitted the signal of one or more stations to subscribers located within the station's local service area and, at the same time, to other subscribers located outside that area.

· If none of the stations were partially distant, calculate your base rate fee according to the following rates—for the system's permitted DSEs as reported in block B, part 6 or from part 5, whichever is applicable. First DSF 1.064% of gross receipts

Each of the second, third, and fourth DSEs 0.701% of gross receipts The fifth and each additional DSE

## 0.330% of gross receipts PARTIALLY DISTANT STATIONS—PART 9 OF THE DSE SCHEDULE

If any of the stations were partially distant:

1. Divide all of your subscribers into subscriber groups depending on their location. A particular subscriber group consists of all subscribers who are distant with respect to exactly the same complement of stations.

2. Identify the communities/areas represented by each subscriber group. 3. For each subscriber group, calculate the total number of DSEs of

that group's complement of stations. If your system is located wholly outside all major and smaller television markets, give each station's DSEs as you gave them in parts 2, 3, and 4 of the schedule: or

If any portion of your system is located in a major or smaller television market, give each station's DSE as you gave it in block B, part 6 of this schedule.

4. Determine the portion of the total gross receipts you reported in space K (page 7) that is attributable to each subscriber group.

TOTAL DSEs

5. Calculate a separate base rate fee for each subscriber group, using (1) the rates given above; (2) the total number of DSEs for that group's complement of stations; and (3) the amount of gross receipts attributable to that group.

6. Add together the base rate fees for each subscriber group to determine the system's total base rate fee.

7. If any portion of the cable system is located in whole or in part within a major television market, you may also need to complete part 9, block B of the Schedule to determine the Syndicated Exclusivity Surcharge.

What to Do If You Need More Space on the DSE Schedule. There are no printed continuation sheets for the schedule. In most cases, the blanks provided should be large enough for the necessary information. If you need more space in a particular part, make a photocopy of the page in question (identifying it as a continuation sheet), enter the additional information on that copy, and attach it to the DSE schedule.

Rounding Off DSEs. In computing DSEs on the DSE schedule, you may round off to no less than the third decimal point. If you round off a DSE in any case, you must round off DSEs throughout the schedule as follows:

- When the fourth decimal point is 1, 2, 3, or 4, the third decimal remains unchanged (example: .34647 is rounded to .346).
- When the fourth decimal point is 5, 6, 7, 8, or 9, the third decimal is rounded up (example: .34651 is rounded to .347).

The example below is intended to supplement the instructions for calculating only the base rate fee for partially distant stations. The cable system would also be subject to the Syndicated Exclusivity Surcharge for partially distant stations, if any portion is located within a major television market.

DSE SCHEDULE. PAGE15.

LEGAL NA	AME OF OWNER OF CABLE SYSTEM: ULTRA COMMUNICATIONS GROUP, LLC	SYSTEM ID# 23647	Name
	BLOCK D: COMPUTATION OF THE SYNDICATED EXCLUSIVITY SURCHARGE		
Section 1	Enter the amount of gross receipts from space K (page 7)	952,971.05	7
Section 2	A. Enter the total DSEs from block B of part 7	0.00	Computation
	B. Enter the total number of exempt DSEs from block C of part 7	0.00	of the Syndicated
	C. Subtract line B from line A and enter here. This is the total number of DSEs subject to the surcharge computation. If zero, proceed to part 8	0.00	Exclusivity Surcharge
<ul> <li>Is an</li> </ul>	y portion of the cable system within a top 50 television market as defned by the FCC?		
	Yes—Complete section 3 below. X No—Complete section 4 below.		
	SECTION 3: TOP 50 TELEVISION MARKET		
Section 3a	Did your cable system retransmit the signals of any partially distant television stations during the accounting period?     X Yes—Complete part 9 of this schedule.     No—Complete the applicable section below.		
	If the figure in section 2, line C is 4.000 or less, compute your surcharge here and leave section 3b blank. NOTE: If the DS is 1.0 or less, multiply the gross receipts by .00599 by the DSE. Enter the result on line A below.	SE	
	A. Enter 0.00599 of gross receipts (the amount in section1)		
	B. Enter 0.00377 of gross receipts (the amount in section.1)		
	C. Subtract 1.000 from total permitted DSEs (the figure on line C in section 2) and enter here	_	
	D. Multiply line B by line C and enter here		
	E. Add lines A and D. This is your surcharge. Enter here and on line 2 of block 4 in space L (page 7) Syndicated Exclusivity Surcharge		
Section 3b	If the figure in section 2, line C is more than 4.000, compute your surcharge here and leave section 3a blank.		
	A. Enter 0.00599 of gross receipts (the amount in section 1)		
	B. Enter 0.00377 of gross receipts (the amount in section 1)	_	
	C. Multiply line B by 3.000 and enter here		
	D. Enter 0.00178 of gross receipts (the amount in section 1)	_	
	E. Subtract 4.000 from total DSEs (the fgure on line C in section 2) and enter here		
	F. Multiply line D by line E and enter here		
	G. Add lines A, C, and F. This is your surcharge. Enter here and on line 2 of block 4 in space L (page 7) Syndicated Exclusivity Surcharge		
	SECTION 4: SECOND 50 TELEVISION MARKET		
	Did your cable system retransmit the signals of any partially distant television stations during the accounting period?		
Section 4a	X Yes—Complete part 9 of this schedule. No—Complete the applicable section below.		
	If the figure in section 2, line C is 4.000 or less, compute your surcharge here and leave section 4b blank. NOTE: If the DS is 1.0 or less, multiply the gross receipts by 0.003 by the DSE. Enter the result on line A below. A. Enter 0.00300 of gross receipts (the amount in section 1)	SE	
	B. Enter 0.00189 of gross receipts (the amount in section 1)		
	C.Subtract 1.000 from total permitted DSEs (the fgure on line C in section 2) and enter here		
	D. Multiply line B by line C and enter here		
	E. Add lines A and D. This is your surcharge. Enter here and on line 2 of block 4 in space L (page 7) Syndicated Exclusivity Surcharge

IMPOR	TANT: It is no longer necessary to report television signals on a system-wide basis. Carriage of television broadcast signals shall	
instead Space	l be reported on a community-by-community basis (subscriber groups) if the cable system reported multiple channel line-ups in G.	9
•	eral: If any of the stations you carried were partially distant, the statute allows you, in computing your base rate fee, to exclude	Computation
receipt	s from subscribers located within the station's local service area, from your system's total gross receipts. To take advantage of this	of
exclusi	on, you must:	Base Rate Fee
	Divide all of your subscribers into subscriber groups, each group consisting entirely of subscribers that are distant to the same	and Syndicated
	or the same group of stations. Next: Treat each subscriber group as if it were a separate cable system. Determine the number of and the portion of your system's gross receipts attributable to that group, and calculate a separate base rate fee for each group.	Exclusivity
	Add up the separate base rate fees for each subscriber group. That total is the base rate fee for your system.	Surcharge for
NOTE:	If any portion of your cable system is located within the top 100 television market and the station is not exempt in part 7, you must	Partially
	mpute a Syndicated Exclusivity Surcharge for each subscriber group. In this case, complete both block A and B below. However,	Distant
-	cable system is wholly located outside all major television markets, complete block A only.	Stations, and for Partially
	Identify a Subscriber Group for Partially Distant Stations : For each community served, determine the local service area of each wholly distant and each partially distant station you	Permitted
	to that community.	Stations
outside	For each wholly distant and each partially distant station you carried, determine which of your subscribers were located the station's local service area. A subscriber located outside the local service area of a station is distant to that station (and, by ne token, the station is distant to the subscriber.)	
Step 3	Divide your subscribers into subscriber groups according to the complement of stations to which they are distant. Each	
	ber group must consist entirely of subscribers who are distant to exactly the same complement of stations. Note that a cable will have only one subscriber group when the distant stations it carried have local service areas that coincide.	
Compu groups	uting the base rate fee for each subscriber group: Block A contains separate sections, one for each of your system's subscriber	
In each	a section:	
	fy the communities/areas represented by each subscriber group.	
	the call sign for each of the stations in the subscriber group's complement—that is, each station that is distant to all of the ibers in the group.	
• lf:		
1) your	system is located wholly outside all major and smaller television markets, give each station's DSE as you gave it in parts 2, 3, of this schedule; or,	
2) any	portion of your system is located in a major or smaller televison market, give each station's DSE as you gave it in block B, 6 of this schedule.	
• Add tl	he DSEs for each station. This gives you the total DSEs for the particular subscriber group.	
	late gross receipts for the subscriber group. For further explanation of gross receipts see page (vii) of the general instructions paper SA3 form.	
page. DSEs f	In making this computation, use the DSE and gross receipts figure applicable to the particular subscriber group (that is, the total for that group's complement of stations and total gross receipts from the subscribers in that group). You do not need to show your calculations on the form.	

Name	LEGAL NAME OF OWNER OF CABLE SYSTEM: SYS	STEM
Nume	ULTRA COMMUNICATIONS GROUP, LLC	23
	Guidance for Computing the Royalty Fee for Partially Permitted/Partially NonPermitted Signals	
	Step 1: Use part 9, block A, of the DSE Schedule to establish subscriber groups to compute the base rate fee for wholly and	
	partially permitted distant signals. Write "Permitted Signals" at the top of the page. Note: One or more permitted signals in these	
	subscriber groups may be partially distant.	
	Step 2: Use a separate part 9, block A, to compute the 3.75 percent fee for wholly nonpermitted and partially nonpermitted distant	
	signals. Write "Nonpermitted 3.75 stations" at the top of this page. Multiply the subscriber group gross receipts by total DSEs by	
	.0375 and enter the grand total 3.75 percent fees on line 2, block 3, of space L. Important: The sum of the gross receipts reported	
	for each part 9 used in steps 1 and 2 must equal the amount reported in space K. <b>Step 3:</b> Use part 9, block B, to compute a syndicated exclusivity surcharge for any wholly or partially permitted distant	
	signals from step 1 that is subject to this surcharge.	
	Guidance for Computing the Royalty Fee for Carriage of Distant and Partially Distant Multicast Streams	
	Step 1: Use part 9, Block A, of the DSE Schedule to report each distant multicast stream of programming that is transmitted from	
	a primary television broadcast signal. Only the base rate fee should be computed for each multicast stream. The 3.75 Percent Rate	
	and Syndicated Exclusivity Surcharge are not applicable to the secondary transmission of a multicast stream.	
	You must report but not assign a DSE value for the retransmission of a multicast stream that is the subject of a written agreement	
	entered into on or before June 30, 2009 between a cable system or an association representing the cable system and a primary	
	transmitter or an association representing the primary transmitter.
