	United Services, Inc.									6348				
E Secondary Transmission Service: Sub- scribers and Rates	In General: The information in s system, that is, the retransmissi about other services (including p last day of the accounting period Number of Subscribers: Bot down by categories of secondar each category by counting the n separately for the particular serv Rate: Give the standard rate of unit in which it is generally billed category, but do not include disc Block 1: In the left-hand block	<ul> <li>SECONDARY TRANSMISSION SERVICE: SUBSCRIBERS AND RATES</li> <li>In General: The information in space E should cover all categories of secondary transmission service of the cable system, that is, the retransmission of television and radio broadcasts by your system to subscribers. Give information about other services (including pay cable) in space F, not here. All the facts you state must be those existing on the last day of the accounting period (June 30 or December 31, as the case may be).</li> <li>Number of Subscribers: Both blocks in space E call for the number of subscribers to the cable system, broken down by categories of secondary transmission service. In general, you can compute the number of subscribers in each category by counting the number of billings in that category (the number of persons or organizations charged separately for the particular service at the rate indicated—not the number of sets receiving service).</li> <li>Rate: Give the standard rate charged for each category of service. Include both the amount of the charge and the unit in which it is generally billed. (Example: "\$20/mth"). Summarize any standard rate variations within a particular rate category, but do not include discounts allowed for advance payment.</li> <li>Block 1: In the left-hand block in space E, the form lists the categories of secondary transmission service that cable systems most commonly provide to their subscribers. Give the number of subscribers and rate for each listed category that applies to your system. Note: Where an individual or organization is receiving service that falls under different categories, that person or entity should be counted as a subscriber in each applicable category. Example: a residential</li> </ul>												
	that applies to your system. Not	e: Where an in should be cou	ndividua	al or organizations a subscriber i	or in	n is receiv each app	ving service tha plicable categor	t falls unde y. Example	er different e: a residential

MPORTANT: It is no longer necessary to report television signals on a system-wide basis. Carriage of television b	•	
hall instead be reported on a community-by-community basis (subscriber groups) if the cable system reported mu ps in Space G.	Itiple channel line-	9
<b>General:</b> If any of the stations you carried were partially distant, the statute allows you, in computing your base receipts from subscribers located within the station's local service area, from your system's total gross receipts. To	-	Computation of
nis exclusion, you must:		Base Rate Fe
<b>First:</b> Divide all of your subscribers into subscriber groups, each group consisting entirely of subscribers that are distation or the same group of stations. Next: Treat each subscriber group as if it were a separate cable system. Deter DSEs and the portion of your system's gross receipts attributable to that group, and calculate a separate base rate	ermine the number of fee for each group.	and Syndicated Exclusivity Surcharge
Finally: Add up the separate base rate fees for each subscriber group. That total is the base rate fee for your syste		for
NOTE: If any portion of your cable system is located within the top 100 television market and the station is not exer nust also compute a Syndicated Exclusivity Surcharge for each subscriber group. In this case, complete both block However, if your cable system is wholly located outside all major television markets, complete block A only.		Partially Distant Stations, and
How to Identify a Subscriber Group for Partially Distant Stations		for Partially Permitted
Step 1: For each community served, determine the local service area of each wholly distant and each partially dist carried to that community.	ant station you	Stations
Step 2: For each wholly distant and each partially distant station you carried, determine which of your subscribers we butside the station's local service area. A subscriber located outside the local service area of a station is distant to the same token, the station is distant to the subscriber.)		
Step 3: Divide your subscribers into subscriber groups according to the complement of stations to which they are d subscriber group must consist entirely of subscribers who are distant to exactly the same complement of stations. N system will have only one subscriber group when the distant stations it carried have local service areas that coincid	Note that a cable	
Computing the base rate fee for each subscriber group: Block A contains separate sections, one for each of your		
subscriber groups.	-	
n each section: Identify the communities/areas represented by each subscriber group.		
Give the call sign for each of the stations in the subscriber group's complement—that is, each station that is distant ubscribers in the group.	nt to all of the	
If: ) your system is located wholly outside all major and smaller television markets, give each station's DSE as you g	ave it in parts 2, 2	
and 4 of this schedule; or,		
e) any portion of your system is located in a major or smaller televison market, give each station's DSE as you gave part 6 of this schedule.	e it in block B,	
Add the DSEs for each station. This gives you the total DSEs for the particular subscriber group.		
Calculate gross receipts for the subscriber group. For further explanation of gross receipts see page (vii) of the ge in the paper SA3 form.	eneral instructions	
Compute a base rate fee for each subscriber group using the formula outline in block B of part 8 of this schedule bage. In making this computation, use the DSE and gross receipts figure applicable to the particular subscriber group SEs for that group's complement of stations and total gross receipts from the subscribers in that group). You do not set the form	oup (that is, the total	

your actual calculations on the form.
