

Name: Colin Jaffe

Class of works: I am writing in support of Class #3 (Unskippable DVD Advertising): Audiovisual works released on DVD that contain access control measures that interfere with the ability to control private performance, including the ability to skip promotional materials.

Summary:

Disc name: I forget. Something I bought... Insomnia, maybe?

Couldn't skip the advertisements. And these weren't even movie ads, which are at least somewhat bearable and at least targeted to the right market.
