

My name is Andrey. I am from Moscow, Russia.

I am supporting the jailbreaking of smartphones/tablets, video game consoles.

I am a user.

These are the following devices that I would like to be able to jailbreak: iPhone, iPod, iPad.

If I do not jailbreak, I would not be able to have a full control of my devices.

I would not be able to use iFile (for example) for viewing and editing files and folders. I would feel unguarded without jailbreaking. I must know what's happening to my device.

Without jailbreaking I will lose customization of my device.
