

I am supporting the jailbreaking of smartphones/tablets

I am a user and a Hobbyist

These are the following devices that I would like to be able to jailbreak: iPhone, iPod, iPad, Apple TV

If I do not jailbreak, I would lose freedom over my iPod and iPhone. i would be constricted to sandboxed apps approved by apple that cannot change anything other than their own app. I do not, and will not willingly install illegal apps and packages. Please dont stop all freedom just because of a small part that is illegal. passing this law is being stereotypical and lazy. Outlaw the illegal side, not the whole thing.
