

My name is Elvis McFee,
i jailbreak my IDevices for Entertainment,
i beleive that sence i purchased my device,
i can modify the device in eny way i please.
If you were to make jailbreaking a crime,
the rates and sales of all smart phones and tablets
would drop tremendously, causing the market to drop.
in the bind our economy is in at this point, it
can not afford to drop in the slightest bit,
so please do us all a favor and let us have our fun
and let sales and economy grow.

Thanks,
Elvis McFee
