

Please keep Jailbreaking legal. I honestly depend on mutiple apps such as SBSettings, My wii, 3G unrestrictor and others that allow me to do things which Apple finds wrong.

I don't like the idea of Apple controlling my phone's experience since it's my phone, I paid a lot of money for it, and I should decide what to do and what not to do with it. This also applies to other electronic devices that we purchase such as video game consoles, tablets, etc.

I hope we get to keep our freedom.

Take care,

Rashed
