

To whom it may concern,

My name is V Ian Gilloth, and I am writing to voice my support to renew the “Jailbreaking” exemption for Smart Phones and to expand the exemption to cover Tablets, Game Consoles, and all Personal Computing Devices. I am an IT manager and I would like to ensure that I have the legal authority to “Jailbreak” Smart Phones, Tablets, Game Consoles, and any Personal Computing Device. I rely on the ability of “Jailbreaking” to ensure that I control what personal information of mine is shared, patch dangerous security loopholes, as well as develop new applications. I believe that if the “Jailbreaking” exemption is not renewed my personal privacy and ability to continue application development would be hindered. Thank you for your time.
