

Petition to Renew a Current Exemption Under 17 U.S.C. § 1201

8th Triennial Rulemaking

Please submit a separate petition for each current exemption for which renewal is sought.

NOTE: Use this form if you want to renew a current exemption without modification. If you are seeking to engage in activities not currently permitted by an existing exemption, including those that would require the expansion of a current exemption, you must submit a petition for a new exemption using the form available at <https://www.copyright.gov/1201/2021/new-petition.pdf>.

If you are seeking to expand a current exemption, we recommend that you submit both a petition to renew the current exemption without modification using this form, and, separately, a petition for a new exemption that identifies the current exemption, and addresses only those issues relevant to the proposed expansion of that exemption.

ITEM A. PETITIONERS AND CONTACT INFORMATION

Please identify the petitioners and provide a means to contact the petitioners and/or their representatives, if any. The “petitioner” is the individual or entity seeking renewal.

ITEM C. EXPLANATION OF NEED FOR RENEWAL

Provide a brief explanation summarizing the continuing need and justification for renewing the exemption. The Office anticipates that petitioners may provide a paragraph or two detailing this information, but there is no page limit. While it is permissible to attach supporting documentary evidence as exhibits to this petition, it is not necessary. Below is a hypothetical example of the kind of explanation that the Office would regard as sufficient to support renewal of the unlocking exemption. The Office notes, however, that explanations can take many forms and may differ significantly based on the individual making the declaration and the exemption at issue.

Brigham Young University and Brigham Young University—Idaho (“Petitioners”) are nonprofit educational institutions that offer courses and degrees in a wide variety of subject areas. Petitioners employ numerous instructors who need to show students clips from motion pictures (including television shows and videos) in the course of their teaching activities on countless occasions. In virtually every case, such performances are noninfringing under one or more statutory exemptions, such as 17 USC §§ 107, 110(1), or 110(2). Even so, it is often necessary to circumvent technological protection measures (TPMs) on motion pictures before such noninfringing educational performances can occur.

In the past three years, Petitioners have relied on the exemption for motion picture excerpts used for educational purposes by college and university faculty and students (codified at 34 CFR § 201.40(b)(1)(ii)(A)) in circumventing TPMs to facilitate noninfringing performances that are essential to desired educational objectives. Petitioners understand that countless other nonprofit educational institutions, instructors, and students have also relied on the same exemption for the same reasons.

Going forward, Petitioners expect that the need for instructors to show motion pictures to students will continue or even increase. Petitioners also expect that copyright holders will continue to employ TPMs extensively on such works. Thus, the exemption for motion picture excerpts used for educational purposes by college and university faculty and students should, at a minimum, be renewed.

ITEM D. DECLARATION AND SIGNATURE

The declaration is a sworn statement made under penalty of perjury, and must be signed by one of the petitioners named above.

I declare under penalty of perjury under the laws of the United States of America that the following is true and correct:

1. Based on my own personal knowledge and experience, I have a good faith belief that but for the above-selected exemption's continuation during the next triennial period (October 2021 – October 2024), technological measures controlling access to relevant copyrighted works are likely to diminish the ability of relevant users to make noninfringing uses of these works, and such users are likely to rely upon the above-selected exemption during the next triennial period.
2. To the best of my knowledge, there has not been any material change in the facts, law, or other circumstances set forth in the prior rulemaking record (available at <https://www.copyright.gov/1201/2018>) that originally demonstrated the need for the above-selected exemption, such that renewal of the exemption would not be justified.
3. To the best of my knowledge, the explanation provided in Item C above is true and correct, and supports the above statements.
