

# Petition to Renew a Current Exemption Under 17 U.S.C. § 1201

## 8th Triennial Rulemaking

Please submit a separate petition for each current exemption for which renewal is sought.

**NOTE:** Use this form if you want to renew a current exemption without modification. If you are seeking to engage in activities not currently permitted by an existing exemption, including those that would require the expansion of a current exemption, you must submit a petition for a new exemption using the form available at <https://www.copyright.gov/1201/2021/new-petition.pdf>.

If you are seeking to expand a current exemption, we recommend that you submit both a petition to renew the current exemption without modification using this form, and, separately, a petition for a new exemption that identifies the current exemption, and addresses only those issues relevant to the proposed expansion of that exemption.

### ITEM A. PETITIONERS AND CONTACT INFORMATION

Please identify the petitioners and provide a means to contact the petitioners and/or their representatives, if any. The “petitioner” is the individual or entity seeking renewal.

- Computer programs that operate smartphones, tablets and other all-purpose mobile computing devices, smart TVs, or voice assistant devices to allow the device to interoperate with or to remove software applications (“jailbreaking”)
- Computer programs that control motorized land vehicles, including farm equipment, for purposes of diagnosis, repair, or modification of the vehicle, including to access diagnostic data
- Computer programs that control smartphones, home appliances, or home systems, for diagnosis, maintenance, or repair of the device or system
- Computer programs for purposes of good-faith security research
- Computer programs other than video games, for the preservation of computer programs and computer program-dependent materials by libraries, archives, and museums
- Video games for which outside server support has been discontinued, to allow individual play by gamers and preservation of games by libraries, archives, and museums (as well as necessary jailbreaking of console computer code for preservation uses only), and discontinued video games that never required server support, for preservation by libraries, archives, and museums
- Computer programs that operate 3D printers, to allow use of alternative feedstock

### **ITEM C. EXPLANATION OF NEED FOR RENEWAL**

Provide a brief explanation summarizing the continuing need and justification for renewing the exemption. The Office anticipates that petitioners may provide a paragraph or two detailing this information, but there is no page limit. While it is permissible to attach supporting documentary evidence as exhibits to this petition, it is not necessary. Below is a hypothetical example of the kind of explanation that the Office would regard as sufficient to support renewal of the unlocking exemption. The Office notes, however, that explanations can take many forms and may differ significantly based on the individual making the declaration and the exemption at issue.

Founded in 1919, American Farm Bureau Federation is an independent, non-governmental, voluntary organization governed by and representing farm and ranch families. As the country's largest general farm organization, Farm Bureau represents nearly 6 million member families, covering nearly every type of crop and livestock production across all 50 states and Puerto Rico. Farm Bureau is local, country, state and national in its scope and influence and is non-partisan, non-sectarian and non-secret in character. Farm Bureau is the "Voice of Agriculture" at all levels.

In the 2018 Round, Farm Bureau was a leader in petitioning the Register to proceed with recognizing local expert repair personnel, assisting the owners of farm vehicles and machinery, as among the users entitled to exemptions for maintenance, modification, and repair. In the course of the 2018 round Farm Bureau, through its members, demonstrated through sworn declarations that such local expert assistance is and will remain necessary and lawful, because farmers faced with short growing seasons cannot feasibly rely on factory-authorized personnel.

Farm Bureau appreciates the Register's recognition of the evidence presented, and the grant of the broadened exemption for this class, which specifically recognized such experts as among the lawful users of the software and devices in question. Based on information from its members, Farm Bureau represents that the need for this assistance by expert users is a continuing one and remains vital. Hence Farm Bureau petitions for renewal of this exemption.

## ITEM D. DECLARATION AND SIGNATURE

The declaration is a sworn statement made under penalty of perjury, and must be signed by one of the petitioners named above.

I declare under penalty of perjury under the laws of the United States of America that the following is true and correct:

1. Based on my own personal knowledge and experience, I have a good faith belief that but for the above-selected exemption's continuation during the next triennial period (October 2021 – October 2024), technological measures controlling access to relevant copyrighted works are likely to diminish the ability of relevant users to make noninfringing uses of these works, and such users are likely to rely upon the above-selected exemption during the next triennial period.
2. To the best of my knowledge, there has not been any material change in the facts, law, or other circumstances set forth in the prior rulemaking record (available at <https://www.copyright.gov/1201/2018>) that originally demonstrated the need for the above-selected exemption, such that renewal of the exemption would not be justified.
3. To the best of my knowledge, the explanation provided in Item C above is true and correct, and supports the above statements.

### Name/Organization:

*If the petitioner is an entity, this declaration must be signed by an individual at the organization having appropriate personal knowledge.*
