

Dennis Viera  
Viera Photographics

April 26, 2012

Dear Copyright Office:

I am writing to express concern over proposed fee increases in the electronic registration fees for Photographic images. Our industry is already at a historic low point and I'd hate to think that a prohibitive fee would prevent fellow photographer's from safeguarding their work(s). Please consider keeping the fees what they currently are.

Kind regards,  
Dennis Viera
