

The United States Copyright Office,  
Library of Congress.  
Washington, DC

Dear Sirs,

My name is Mario Quiroz-Servellon, and I am a documentary photographer. I urge you to do not increase copyright registration fees. As a freelance photographer, I always have to keep an eye of the proper use that clients and third parties do of my images. Copyright is an essential aspect of protecting my work.

Increasing the fees will raise my expenses, in an already bad-economy-impacted industry, which will hurt my business.

Please do not increase the filling fee.

Sincerely,

Mario Ernesto Quiroz-Servellon
