

I respectfully submit these comments:

Current U.S. laws make it difficult for students, scholars and the general public to hear and study our national recorded legacy, and, as they the laws stand, they obstruct preserving these recordings.

I urge you to support strong and effective copyright to protect legitimate interests of creators, but also to change our laws so that copyright should not be used to lock up our history.

Thank You,

Alison Stankrauff  
Archivist and Assistant Librarian  
Franklin D. Schurz Library
