

**U.S. COPYRIGHT OFFICE
INSTRUCTIONS FOR THE SA3E LONG FORM – EXCEL FORMAT**

The SA3E is a U.S. Copyright Office Form

Email completed workbook to:

coplicsoa@loc.gov

Submitting the form:

- This form is effective beginning with the January 1 to June 30, 2017 accounting period (2017/1).
- When complete, this workbook should be signed electronically using an "/s/" signature (e.g., /s/John Smith) in Space O and saved and submitted as a Microsoft Excel workbook (.xls or .xlsx). Email the workbook in native Excel format to the U.S. Copyright Office Licensing Division at coplicsoa@loc.gov. Do not print and mail the workbook to the U.S. Copyright Office. There is no need to remove the instructions tab before submitting the template by email. Do not add additional

General Instructions

- *Alphabetization:* Alphabetization is NOT required for any spaces.
- *Excel:* The form was designed for optimum use with Excel 2007 and later versions. A computer
- *Protection:* All tabs of the SA3E Long Form Excel spreadsheet have been protected in Excel so bottom of the screen to select the tab you wish to view/edit. Within a tab, use the mouse or the arrow keys to navigate between fields. Depending on the settings in Excel, hitting the "Tab" button on the keyboard will not necessarily move the user to the next tab, nor will it necessarily move the

General Data Input tab

- Ensure that the proper accounting period is filled in numerical format (e.g., "2017/1") next to
- Space A – fill in the accounting period in text form (e.g., for 2017/1, fill-in "January 1 – June 30,
- Space B – If this is the system's first filing, place an "X" in the appropriate box and leave the
- Barcode Data – In the highlighted "Filing Period" box, fill in the four digit year followed following address offers a free bar code font:

<http://www.barcoderesource.com/freebarcodefont.shtml>

- Spaces C, E, F, M, N, O – Fill in all applicable information in the appropriate highlighted boxes.

Gross Receipts tab

the system uses subscriber groups.

- Users that wish to name individual subscriber groups by community names or other designations may fill in the "Subgroup/Community Name" column.

- Cable systems that have subscriber groups should fill in the individual subscriber group gross

Notes tab

- The notes tab is available for user input to provide notes or other information for the Copyright

Signals tab

- Enter the call signs, broadcast channel numbers, type of station, location of station, and
- It is only necessary to list signals that are carried in multiple channel lineups once on the Signals
- Note that this tab can accommodate up to 1285 stations and, if desired, can be used as a
- **Detailed instructions are located at the end of the paper SA3 form, located at:**
<https://www.copyright.gov/forms/sa3.pdf>

Page 1 – Spaces A-C

- Spaces A, B and C will automatically populate with information from the General Data Input tab,
- Space D will automatically populate with the information for the first community listed on the “P.

Page 1b – Space D

- All community names, states, channel lineups and subgroup numbers can be manually entered
- Add rows as needed so that all communities are listed in space D.

Page 2 – Spaces E-F

- Blocks 1 of both Spaces E and F will automatically populate with information from the General In
- Information can be manually entered into the highlighted areas of Block 2 for both Space E and F

Page 3 – Space G (AA-AW)

- Fill in all the call signs for each channel lineup and select whether the signal is local or distant in
- The broadcast channel number, type of station, basis of carriage (if the station is selected as
- There are 23 Space G tabs available for identifying channel lineups (AA-AW). Unused Space G
- If additional Space G tabs are needed beyond the 23 available, users may create additional Space G tabs by right clicking the “Pg 3 – Space G (AW)” tab, clicking “Move or Copy”, selecting “Pg 4 - Space H” from the “Before sheet” list, checking the “Create a copy” box, and clicking “OK.” A new tab called “Pg 3 Space G (AW) (2)” should generate after the “Pg 3 - Space G (AW)” tab. Rename this tab by right clicking the tab at the bottom of the screen and clicking Rename, and entering “Pg 3 Space G (AX).” Also rename the highlighted channel line-up within the new tab so that it now displays as

ACCOUNTING PERIOD: 2017/1

<p>Name</p>	<p>LEGAL NAME OF OWNER OF CABLE SYSTEM: Google Fiber Missouri, LLC</p>		
<p>E Secondary Transmission Service: Subscribers and Rates</p>	<p>SECONDARY TRANSMISSION SERVICE: SUBSCRIBERS AND RATES In General: The information in space E should cover all categories of secondary transmission service, that is, the retransmission of television and radio broadcasts by your system about other services (including pay cable) in space F, not here. All the facts you state last day of the accounting period (June 30 or December 31, as the case may be). Number of Subscribers: Both blocks in space E call for the number of subscribers down by categories of secondary transmission service. In general, you can compute the number of subscribers for each category by counting the number of billings in that category (the number of persons separately for the particular service at the rate indicated—not the number of sets received). Rate: Give the standard rate charged for each category of service. Include both the unit in which it is generally billed. (Example: "\$20/mth"). Summarize any standard rate category, but do not include discounts allowed for advance payment. Block 1: In the left-hand block in space E, the form lists the categories of secondary transmission services most commonly provided to their subscribers. Give the number of subscribers that applies to your system. Note: Where an individual or organization is receiving service in more than one category, that person or entity should be counted as a subscriber in each applicable category. A subscriber who pays extra for cable service to additional sets would be included in the "first set" and would be counted once again under "Service to additional set(s)." Block 2: If your cable system has rate categories for secondary transmission service, print the categories in block 1 (for example, tiers of services that include one or more secondary transmission services) with the number of subscribers and rates, in the right-hand block. A two- or three-word description is sufficient.</p>

LEGAL NAME OF OWNER OF CABLE SYSTEM:	Google Fiber Missouri, LLC
--------------------------------------	-----------------------------------

PRIMARY TRANSMITTERS: TELEVISION

In General: In space G, identify every television station (including translator stations and low power stations) carried by your cable system during the accounting period, except (1) stations carried only on a substitute basis under specific FCC rules and regulations in effect on June 24, 1981, permitting the carriage of certain network stations (see 47 CFR 76.59(d)(2) and (4), 76.61(e)(2) and (4), or 76.63 (referring to 76.61(e)(2) and (4))); and (2) certain stations carried on a substitute program basis, as explained in the next paragraph.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Information Statement) if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and on a regular basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form.

Column 1: List each station's call sign. Do not report origination program services such as simulcast streams or each multicast stream associated with a station according to its over-the-air designation. For example, if you carried a simulcast stream as "WETA-2". Simulcast streams must be reported in column 1 (list each stream as "WETA-simulcast").

Column 2: Give the channel number the FCC has assigned to the television station for broadcast in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. "distant"), enter "Yes". If not, enter "No". For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered "Yes" in column 4, you must complete column 5, stating the basis of carriage. Enter "LAC" if the cable system carried the distant station during the accounting period. Indicate by entering "LAC" if the cable system carried the distant station on a part-time basis because of lack of activated channel capacity.

For the retransmission of a distant multicast stream that is not subject to a royalty payment by the cable system under a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter "E" (exempt). For simulcasts, also enter "E". If you carried the channel on any other basis, enter "Other". For an explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is licensed.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

LEGAL NAME OF OWNER OF CABLE SYSTEM:

Google Fiber Missouri, LLC

PRIMARY TRANSMITTERS: TELEVISION

In General: In space G, identify every television station (including translator stations and low power stations) carried by your cable system during the accounting period, except (1) stations carried only on a substitute basis under specific FCC rules and regulations in effect on June 24, 1981, permitting the carriage of certain network stations (76.59(d)(2) and (4), 76.61(e)(2) and (4), or 76.63 (referring to 76.61(e)(2) and (4))); and (2) certain stations carried on a substitute program basis, as explained in the next paragraph.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Information Statement) if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and on a regular basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form.

Column 1: List each station's call sign. Do not report origination program services such as local origination or multicasts. Do not report each multicast stream associated with a station according to its over-the-air designation. For example, if you carried a multicast stream as "WETA-2". Simulcast streams must be reported in column 1 (list each stream as "WETA-simulcast").

Column 2: Give the channel number the FCC has assigned to the television station for broadcast in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. "distant"), enter "Yes". If not, enter "No". For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered "Yes" in column 4, you must complete column 5, stating the basis of carriage. Enter "LAC" if the cable system carried the distant station during the accounting period. Indicate by entering "LAC" if the cable system carried the distant station on a part-time basis because of lack of activated channel capacity.

For the retransmission of a distant multicast stream that is not subject to a royalty payment by the cable system under a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter "E" (exempt). For simulcasts, also enter "E". If you carried the channel on any other basis, enter "Other". For an explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is licensed.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

For each multicast stream associated with a station according to its over-the-air designation. For example, if you carried a simulcast stream as "WETA-2". Simulcast streams must be reported in column 1 (list each stream as "WETA-simulcast").

Column 2: Give the channel number the FCC has assigned to the television station for broadcast in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. "distant"), enter "Yes". If not, enter "No". For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered "Yes" in column 4, you must complete column 5, stating the basis of carriage. Enter "LAC" if the cable system carried the distant station during the accounting period. Indicate by entering "LAC" if the cable system carried the distant station on a part-time basis because of lack of activated channel capacity.

For the retransmission of a distant multicast stream that is not subject to a royalty payment by the cable system under a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter "E" (exempt). For simulcasts, also enter "E". If you carried the channel on any other basis, enter "Other". For an explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is licensed.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

LEGAL NAME OF OWNER OF CABLE SYSTEM:

Google Fiber Missouri, LLC

PRIMARY TRANSMITTERS: TELEVISION

In General: In space G, identify every television station (including translator stations and low power stations) carried by your cable system during the accounting period, except (1) stations carried only on a substitute basis under specific FCC rules and regulations in effect on June 24, 1981, permitting the carriage of certain network stations (76.59(d)(2) and (4), 76.61(e)(2) and (4), or 76.63 (referring to 76.61(e)(2) and (4))); and (2) certain stations carried on a substitute program basis, as explained in the next paragraph.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Information Statement) if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and on a regular basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form.

Column 1: List each station’s call sign. Do not report origination program services such as simulcast streams or each multicast stream associated with a station according to its over-the-air designation. For example, if you carried a simulcast stream as “WETA-2”. Simulcast streams must be reported in column 1 (list each stream as “WETA-simulcast”).

Column 2: Give the channel number the FCC has assigned to the television station for broadcast in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, a noncommercial educational station, by entering the letter “N” (for network), “N-M” (for network multicast), “I” (for independent), “I-M” (for independent multicast), “E” (for noncommercial educational), or “E-M” (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. “distant”), enter “Yes”. If not, enter “No”. For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered “Yes” in column 4, you must complete column 5, stating the basis on which the cable system carried the distant station during the accounting period. Indicate by entering “LAC” (local access channel), “P” (part-time), or “A” (activated channel capacity). If you carried the distant station on a part-time basis because of lack of activated channel capacity, enter “P”.

For the retransmission of a distant multicast stream that is not subject to a royalty payment by the cable system under a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter “E” (exempt). For simulcasts, also enter “E”. If you carried the channel on any other basis, enter the appropriate category. For an explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is licensed.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

PRIMARY TRANSMITTERS: TELEVISION

In General: In space G, identify every television station (including translator stations and low power stations) carried by your cable system during the accounting period, except (1) stations carried only on a substitute basis under specific FCC rules and regulations in effect on June 24, 1981, permitting the carriage of certain network stations (76.59(d)(2) and (4), 76.61(e)(2) and (4), or 76.63 (referring to 76.61(e)(2) and (4))); and (2) certain stations carried on a substitute program basis, as explained in the next paragraph.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Information Statement) if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and on a regular basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form.

Column 1: List each station's call sign. Do not report origination program services such as simulcast streams or each multicast stream associated with a station according to its over-the-air designation. For example, if you carried a simulcast stream as "WETA-2". Simulcast streams must be reported in column 1 (list each stream as "WETA-simulcast").

Column 2: Give the channel number the FCC has assigned to the television station for broadcast in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, a noncommercial educational station, by entering the letter "N" (for network), "N-M" (for network multicast), "I" (for independent), "I-M" (for independent multicast), "E" (for noncommercial educational), or "E-M" (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. "distant"), enter "Yes". If not, enter "No". For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered "Yes" in column 4, you must complete column 5, stating the basis of carriage. Enter "LAC" if the cable system carried the distant station during the accounting period. Indicate by entering "LAC" if the cable system carried the distant station on a part-time basis because of lack of activated channel capacity.

For the retransmission of a distant multicast stream that is not subject to a royalty payment by the cable system under a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter "E" (exempt). For simulcasts, also enter "E". If you carried the channel on any other basis, enter "Other". For an explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is licensed.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

Substitute Basis Stations: With respect to any distant stations carried by your cable system on a substitute basis under specific FCC rules, regulations, or authorizations:

- Do not list the station here in space G—but do list it in space I (the Special Statement and Program Information Statement) if the station was carried only on a substitute basis.
- List the station here, and also in space I, if the station was carried both on a substitute basis and on a regular basis. For further information concerning substitute basis stations, see page (v) of the general instructions located in the paper SA3 form.

Column 1: List each station’s call sign. Do not report origination program services such as Internet Protocol (IP) multicasts. Do not report each multicast stream associated with a station according to its over-the-air designation. For example, if you carried a multicast stream as “WETA-2”. Simulcast streams must be reported in column 1 (list each stream as “WETA-simulcast”).

Column 2: Give the channel number the FCC has assigned to the television station for broadcast in its community of license. For example, WRC is Channel 4 in Washington, D.C. This may be different from the channel on which your cable system carried the station.

Column 3: Indicate in each case whether the station is a network station, an independent station, a noncommercial educational station, by entering the letter “N” (for network), “N-M” (for network multicast), “I” (for independent), “E” (for noncommercial educational), or “E-M” (for noncommercial educational multicast). For the meaning of these terms, see page (v) of the general instructions located in the paper SA3 form.

Column 4: If the station is outside the local service area, (i.e. “distant”), enter “Yes”. If not, enter “No”. For an explanation of local service area, see page (v) of the general instructions located in the paper SA3 form.

Column 5: If you have entered “Yes” in column 4, you must complete column 5, stating the basis of carriage. Enter “LAC” if the cable system carried the distant station during the accounting period. Indicate by entering “LAC” if the cable system carried the distant station on a part-time basis because of lack of activated channel capacity.

For the retransmission of a distant multicast stream that is not subject to a royalty payment by the cable system under a written agreement entered into on or before June 30, 2009, between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter, enter “E” (exempt). For simulcasts, also enter “E”. If you carried the channel on any other basis, enter the appropriate category. For an explanation of these three categories, see page (v) of the general instructions located in the paper SA3 form.

Column 6: Give the location of each station. For U.S. stations, list the community to which the station is licensed by the FCC. For Mexican or Canadian stations, if any, give the name of the community with which the station is licensed.

Note: If you are utilizing multiple channel line-ups, use a separate space G for each channel line-up.

GROSS RECEIPTS

Instructions: The figure you give in this space determines the form you file and the amount of all amounts (gross receipts) paid to your cable system by subscribers for the system's second year (as identified in space E) during the accounting period. For a further explanation of how to complete page (vii) of the general instructions.

Gross receipts from subscribers for secondary transmission service(s) _____ during the accounting period.

IMPORTANT: You must complete a statement in space P concerning gross receipts.

COPYRIGHT ROYALTY FEE

Instructions: Use the blocks in this space L to determine the royalty fee you owe:

- Complete block 1, showing your minimum fee.
 - Complete block 2, showing whether your system carried any distant television stations.
 - If your system did not carry any distant television stations, leave block 3 blank. Enter the amount from block 1 on line 1 of block 4, and calculate the total royalty fee.
 - If your system did carry any distant television stations, you must complete the applicable part of the schedule accompanying this form and attach the schedule to your statement of account.
- ▶ If part 8 or part 9, block A, of the DSE schedule was completed, the base rate fee should be entered on line 1 of block 3 below.
- ▶ If part 6 of the DSE schedule was completed, the amount from line 7 of block C should be entered on line 2 of block 3 below.
- ▶ If part 7 or part 9, block B, of the DSE schedule was completed, the surcharge amount should be entered on line 3 of block 3 below.

Block 1	<p>MINIMUM FEE: All cable systems with semiannual gross receipts of \$527,600 or more must pay at least the minimum fee, regardless of whether they carried any distant stations. This fee is based on the system's gross receipts for the accounting period.</p> <p>Line 1. Enter the amount of gross receipts from space K _____</p> <p>Line 2. Multiply the amount in line 1 by 0.01064 _____</p> <p>Enter the result here. _____</p> <p>This is your minimum fee. _____</p>
---------	--

Block 2	<p>DISTANT TELEVISION STATIONS CARRIED: Your answer here must agree with the answer in space G. If, in space G, you identified any stations as "distant" by stating "Yes" in column "Yes" in this block.</p> <p>• Did your cable system carry any distant television stations during the accounting period?</p> <p><input type="checkbox"/> Yes—Complete the DSE schedule. <input checked="" type="checkbox"/> No—Leave block 3 below blank and complete block 4.</p>
---------	--

Block 3	<p>Line 1. BASE RATE FEE: Enter the base rate fee from either part 8, section 3 or 4, or part 9, block A of the DSE schedule. If none, enter zero _____</p> <p>Line 2. 3.75 Fee: Enter the total fee from line 7, block C, part 6 of the DSE schedule. If none, enter zero _____</p>
---------	--

	Line 3. Add lines 1 and 2 and enter here	<div style="border: 1px solid black; width: 20px; height: 20px; margin: 0 auto;">\$</div>
Block 4	<p>Line 1. BASE RATE FEE/3.75 FEE or MINIMUM FEE: Enter either the minimum fee from block 1 or the sum of the base rate fee / 3.75 fee from block 3, line 3, whichever is larger</p> <p>Line 2. SYNDICATED EXCLUSIVITY SURCHARGE: Enter the fee from either part 7 (block D, section 3 or 4) or part 9 (block B) of the DSE schedule. If none, enter zero.</p> <p>Line 3. INTEREST CHARGE: Enter the amount from line 4, space Q, page 9 (Interest Worksheet)</p> <p>Line 4. FILING FEE.</p> <p>TOTAL ROYALTY AND FILING FEES DUE FOR ACCOUNTING PERIOD.</p> <p>Add Lines 1, 2 and 3 of block 4 and enter total here</p> <p style="text-align: center;">Remit this amount via <i>electronic payment</i> payable to Register of Copyrights. (See general instructions located in the paper SA3 form for more information.)</p>	<div style="border: 1px solid black; width: 20px; height: 20px; margin: 0 auto;">\$</div>

INSTRUCTIONS FOR DSE SCHEDULE

WHAT IS A "DSE"

The term "distant signal equivalent" (DSE) generally refers to the numerical value given by the Copyright Act to each distant television station carried by a cable system during an accounting period. Your system's total number of DSEs determines the royalty you owe. For the full definition, see page (v) of the General Instructions in the paper SA3 form.

FORMULAS FOR COMPUTING A STATION'S DSE

There are two different formulas for computing DSEs: (1) a basic formula for all distant stations listed in space G (page 3), and (2) a special formula for those stations carried on a substitute basis and listed in space I (page 5). (Note that if a particular station is listed in both space G and space I, a DSE must be computed twice for that station: once under the basic formula and again under the special formula. However, a station's total DSE is not to exceed its full type-value. If this happens, contact the Licensing Division.)

BASIC FORMULA: FOR ALL DISTANT STATIONS LISTED IN SPACE G OF SA3E (LONG FORM)

Step 1: Determine the station's type-value. For purposes of computing DSEs, the Copyright Act gives different values to distant stations depending upon their type. If, as shown in space G of your statement of account (page 3), a distant station is:

- **Independent:** its type-value is ###
- **Network:** its type-value is ###
- **Noncommercial educational:** its type-value is ###

Note that local stations are not counted at all in computing DSEs.

Step 2: Calculate the station's basis of carriage value: The DSE of a station also depends on its basis of carriage. If, as shown in space G of your Form SA3E, the station was carried part time because of lack of activated channel capacity, its basis of carriage value is determined by (1) calculating the number of hours the cable system carried the station during the accounting period, and (2) dividing that number by the total number of hours the station broadcast over the air during the accounting period. The basis of carriage value for all other stations listed in space G is 1.0.

Step 3: Multiply the result of step 1 by the result of step 2. This gives you the particular station's DSE for the accounting period. (Note that for stations other than those carried on a part-time basis due to lack of activated channel capacity, actual multiplication is not necessary since the DSE will always be the same as the type value.)

SPECIAL FORMULA FOR STATIONS LISTED IN SPACE I OF SA3E (LONG FORM)

Step 1: For each station, calculate the number of programs that, during the accounting period, were broadcast live by the station and were substituted for programs deleted at the option of the cable system.

te
1

fe
la

C
S

(These are programs for which you have entered "Yes" in column 2 and "P" in column 7 of space I.) •

Step 2: Divide the result of step 1 by the total number of days in the calendar year (365—or 366 in a leap year). This gives you the particular station's DSE for the accounting period. •

TOTAL OF DSEs •

In part 5 of this schedule you are asked to add up the DSEs for all of the distant television stations your cable system carried during the accounting period. This is the total sum of all DSEs computed by the basic formula and by the special formula. •

C
P

THE ROYALTY FEE •

The total royalty fee is determined by calculating the minimum fee and the base rate fee. In addition, cable systems located within certain television market areas may be required to calculate the 3.75 fee and/or the Syndicated Exclusivity Surcharge. Note: Distant multicast streams are not subject to the 3.75 fee or the Syndicated Exclusivity Surcharge. Distant simulcast streams are not subject to any royalty payment. •

The 3.75 Fee. If a cable system located in whole or in part within a television market added stations after June 24, 1981, that would not have been permitted under FCC rules, regulations, and authorizations (hereafter referred to as "the former FCC rules") in effect on June 24, 1981, the system must compute the 3.75 fee using a formula based on the number of DSEs added. These DSEs used in computing the 3.75 fee will not be used in computing the base rate fee and Syndicated Exclusivity Surcharge. •

The Syndicated Exclusivity Surcharge. Cable systems located in whole or in part within a major television market, as defined by FCC rules and regulations, must calculate a Syndicated Exclusivity Surcharge for the carriage of any commercial VHF station that places a grade B contour, in whole or in part, over the cable system that would have been subject to the FCC's syndicated exclusivity rules in effect on June 24, 1981. •

The Minimum Fee/Base Rate Fee/3.75 Percent Fee. All cable systems filing SA3E (Long Form) must pay at least the minimum fee, which is .064 percent of gross receipts. The cable system pays either the minimum fee or the sum of the base rate fee and the 3.75 percent fee, whichever is larger, and a Syndicated Exclusivity Surcharge, as applicable.

What is a "Permitted" Station? A permitted station refers to a distant station whose carriage is not subject to the 3.75 percent rate but is subject to the base rate and, where applicable, the Syndicated Exclusivity Surcharge. A permitted station would include the following:

- 1) A station actually carried within any portion of a cable system prior to June 25, 1981, pursuant to the former FCC rules.
- 2) A station first carried after June 24, 1981, which could have been carried under FCC rules in effect on June 24, 1981, if such carriage would not have exceeded the market quota imposed for the importation of distant stations under those rules.
- 3) A station of the same type substituted for a carried network, non-commercial educational, or regular independent station for which a quota was or would have been imposed under FCC rules (47 CFR 76.59 (b),(c), 76.61 (b),(c),(d), and 76.63 (a) [referring to 76.61 (b),(d)]) in effect on June 24, 1981.
- 4) A station carried pursuant to an individual waiver granted between April 16, 1976, and June 25, 1981, under the FCC rules and regulations in effect on April 15, 1976.
- 5) In the case of a station carried prior to June 25, 1981, on a part-time and/or substitute basis only, that fraction of the current DSE represented by prior carriage.

NOTE: If your cable system carried a station that you believe qualifies as a permitted station but does not fall into one of the above categories, please attach written documentation to the statement of account detailing the basis for its classification.

Substitution of Grandfathered Stations. Under section 76.65 of the former FCC rules, a cable system was not required to delete any station that it was authorized to carry or was lawfully carrying prior to March 31, 1972, even if the total number of distant stations carried exceeded the market quota imposed for the importation of distant stations. Carriage of these grandfathered stations is not subject to the 3.75 percent rate, but is subject to the Base Rate, and where applicable, the Syndicated Exclusivity Surcharge. The Copyright Royalty Tribunal has stated its view that, since section 76.65 of the former FCC rules would not have permitted substitution of a grandfathered station, the 3.75 percent Rate applies to a station substituted for a grandfathered station if carriage of the station exceeds the market quota imposed for the importation of distant stations.

Determine which distant stations were carried by the system pursuant to former FCC rules in effect on June 24, 1981.

Identify any station carried prior to June 25, 1981, on a substitute and/or part-time basis only and complete the log to determine the portion of the DSE exempt from the 3.75 percent rate.

Subtract the number of DSEs resulting from this carriage from the number of DSEs reported in part 5 of the DSE Schedule. This is the total number of DSEs subject to the 3.75 percent rate. Multiply these DSEs by gross receipts by .0375. This is the 3.75 fee.

**COMPUTING THE SYNDICATED EXCLUSIVITY SURCHARGE—
PART 7 OF THE DSE SCHEDULE**

Determine if any portion of the cable system is located within a top 100 major television market as defined by the FCC rules and regulations in effect on June 24, 1981. If no portion of the cable system is located in a major television market, part 7 does not have to be completed.

Determine which station(s) reported in block B, part 6 are commercial VHF stations and place a grade B contour, in whole, or in part, over the cable system. If none of these stations are carried, part 7 does not have to be completed.

Determine which of those stations reported in block b, part 7 of the DSE Schedule were carried before March 31, 1972. These stations are exempt from the FCC's syndicated exclusivity rules in effect on June 24, 1981. If you qualify to calculate the royalty fee based upon the carriage of partially-distant stations, and you elect to do so, you must compute the surcharge in part 9 of this schedule.

Subtract the exempt DSEs from the number of DSEs determined in block B of part 7. This is the total number of DSEs subject to the Syndicated Exclusivity Surcharge.

Compute the Syndicated Exclusivity Surcharge based upon these DSEs and the appropriate formula for the system's market position.

COMPUTING THE BASE RATE FEE—PART 8 OF THE DSE SCHEDULE

SCHEDULE

Determine whether any of the stations you carried were partially distant—that is, whether you retransmitted the signal of one or more stations to subscribers located within the station’s local service area and, at the same time, to other subscribers located outside that area.

- If none of the stations were partially distant, calculate your base rate fee according to the following rates—for the system’s permitted DSEs as reported in block B, part 6 or from part 5, whichever is applicable.

First DSE	1.064% of gross receipts
Each of the second, third, and fourth D	0.701% of gross receipts
The fifth and each additional DSE	0.330% of gross receipts

PARTIALLY DISTANT STATIONS—PART 9 OF THE DSE SCHEDULE

- If any of the stations were partially distant:
 1. Divide all of your subscribers into subscriber groups depending on their location. A particular subscriber group consists of all subscribers who are distant with respect to exactly the same complement of stations.
 2. Identify the communities/areas represented by each subscriber group.
 3. For each subscriber group, calculate the total number of DSEs of that group’s complement of stations.

If your system is located wholly outside all major and smaller television markets, give each station’s DSEs as you gave them in parts 2, 3, and 4 of the schedule; or

If any portion of your system is located in a major or smaller television market, give each station’s DSE as you gave it in block B, part 6 of this schedule.

- 4. Determine the portion of the total gross receipts you reported in space K (page 7) that is attributable to each subscriber group.

5. Calculate a separate base rate fee (1) the rates given above; (2) the total complement of stations; and (3) the amount to that group.

6. Add together the base rate fees to find the system’s total base rate fee.

7. If any portion of the cable system is in a major television market, you may also use the Schedule to determine the Syndication DSEs.

What to Do If You Need More Space
If you need more space in a particular page in question (identifying it as a continuation of information on that copy, and attach it to the schedule.)

Rounding Off DSEs. In computing DSEs, round off to no less than the third decimal place. In any case, you must round off DSEs through the fourth decimal point.

- When the fourth decimal point is 1, 2, 3, or 4, round off unchanged (example: .34647 is rounded to .34647)
- When the fourth decimal point is 5, 6, 7, 8, or 9, round off rounded up (example: .34651 is rounded to .34651)

The example below is intended to supply only the base rate fee for partially distant stations, if any portion is located in a major or smaller television market.

EXAMPLE:

COMPUTATION OF COPYRIGHT ROYALTY FEE FOR CABLE SYSTEM CARRYING PARTIALLY DISTANT STATIONS

In most cases under current FCC rules, all of Fairvale would be within the local service area of both stations A and C and all of Rapid City and Bodega Bay would be within the local service areas of stations B, D, and E.	Distant Stations Carried		Identification of Subscriber Groups	
	STATION	DSE	CITY	OUTSIDE LOCAL SERVICE AREA OF
	A (independent)	1.0		Stations A, B, C, D, E
	B (independent)	1.0	Santa Rosa	Stations A and C
	C (part-time)	0.083	Rapid City	Stations A and C
	D (part-time)	0.139	Bodega Bay	Stations A and C
	E (network)	<u>0.25</u>	Fairvale	Stations B, D, and E
	TOTAL DSEs	2.472		TOTAL GROSS RECEIPTS
	Minimum Fee	Total Gross Receipts	\$600,000.00	
			x .01064	
			<u>\$6,384.00</u>	
	First Subscriber Group (Santa Rosa)		Second Subscriber Group (Rapid City and Bodega Bay)	
	Gross receipts	\$310,000.00	Gross receipts	#####
	DSEs	2.472	DSEs	1.083
	Base rate fee	\$6,497.20	Base rate fee	\$1,907.71
	\$310,000 x .01064 x 1.0 =	3,298.40	\$170,000 x .01064 x 1.0 =	1,808.80
	\$310,000 x .00701 x 1.472 =	3,198.80	\$170,000 x .00701 x .083 =	98.91
	Base rate fee	<u>\$6,497.20</u>	Base rate fee	<u>\$1,907.71</u>

Stations B, D,
and E
35 mile zone

Total Base Rate Fee: $\$6,497.20 + \$1,907.71 + \$1,604.03 = \$10,008.94$

In this example, the cable system would enter \$10,008.94 in space L, block 3, lir

Instructions: Block A must be completed.
 In block A:
 • If your answer is "Yes," leave the remainder of part 6 and part 7 of the DSE schedule blank and complete the remainder of the schedule.
 • If your answer is "No," complete blocks B and C below.

BLOCK A: TELEVISION MARKETS

Is the cable system located wholly outside of all major and smaller markets as defined under section 76.57 of the FCC regulations in effect on June 24, 1981?

- Yes—Complete part 8 of the schedule—DO NOT COMPLETE THE REMAINDER OF PART 6 AND 7.
- No—Complete blocks B and C below.

BLOCK B: CARRIAGE OF PERMITTED DSEs

Column 1: CALL SIGN to carry under FCC rules and regulations prior to June 25, 1981. For further explanation, see the instructions for the DSE Schedule. (Note: The letter M below refers to an exempt station as defined in the Satellite Television Extension and Localism Act of 2010.)

Column 2: BASIS OF PERMITTED CARRIAGE Enter the appropriate letter indicating the basis on which you carried a permitted station. (Note the FCC rules and regulations cited below pertain to those in effect on June 25, 1981.)

- A Stations carried pursuant to the FCC market quota rules [76.57, 76.59(b), 76.61(b)(c)]
- B Specialty station as defined in 76.5(kk) (76.59(d)(1), 76.61(e)(1), 76.63(a) referring to 76.61(b)(c))
- C Noncommercial educational station [76.59(c), 76.61(d), 76.63(a) referring to 76.61(b)(c)]
- D Grandfathered station (76.65) (see paragraph regarding substitution of grandfathered stations for DSE schedule).
- E Carried pursuant to individual waiver of FCC rules (76.7)
- *F A station previously carried on a part-time or substitute basis prior to June 25, 1981.
- G Commercial UHF station within grade-B contour, [76.59(d)(5), 76.61(e)(5), 76.63(a) referring to 76.61(b)(c)]
- M Retransmission of a distant multicast stream.

Column 3: List the DSE for each distant station listed in parts 2, 3, and 4 of the schedule. *(Note: For those stations identified by the letter "F" in column 2, you must complete part 4 of this schedule to determine the DSE.)

1. CALL SIGN	PERMITTED BASIS	3. DSE	1. CALL SIGN	PERMITTED BASIS	3. DSE	1. CALL SIGN

F. Multiply line D by line E and enter here u \$ _____

G. Add lines A, C, and F. This is your base rate fee.
Enter here and in block 3, line 1, space L (page 7)

Base Rate Fee u \$ _____

IMPORTANT: It is no longer necessary to report television signals on a system-wide basis. Carriage of television broadcast signals shall instead be reported on a community-by-community basis (subscriber groups) if the cable system reported multiple channel line-ups in Space G.

In General: If any of the stations you carried were partially distant, the statute allows you, in computing your base rate fee, to exclude receipts from subscribers located within the station's local service area, from your system's total gross receipts. To take advantage of this exclusion, you must:

First: Divide all of your subscribers into subscriber groups, each group consisting entirely of subscribers that are located in the same station or the same group of stations. Next: Treat each subscriber group as if it were a separate cable system. Determine the number of DSEs and the portion of your system's gross receipts attributable to that group, and compute a separate base rate fee for each group.

Finally: Add up the separate base rate fees for each subscriber group. That total is the base rate fee for your system. **NOTE:** If any portion of your cable system is located within the top 100 television markets and the station is not located in that market, you must also compute a Syndicated Exclusivity Surcharge for each subscriber group. In this case, complete block A and B below. However, if your cable system is wholly located outside all major television markets, complete block A only.

How to Identify a Subscriber Group for Partially Distant Stations

For each station you carried to that community, determine whether the station is located

outside the station's local service area. A subscriber located outside the local service area of a station is distant to that station (and, by the same token, the station is distant to the subscriber.)

Each subscriber group must consist entirely of subscribers who are distant to exactly the same complement of stations that a cable system will have only one subscriber group when the distant stations it carried have local service areas

Computing the base rate fee for each subscriber group: Block A contains separate sections, one for each system's subscriber groups.

In each section:

- Identify the communities/areas represented by each subscriber group.
of the
subscribers in the group.

- If:

1) your system is located wholly outside all major and smaller television markets, give each station's DSE as you report in parts 2, 3, and 4 of this schedule; or,
block B,
part 6 of this schedule.

- Add the DSEs for each station. This gives you the total DSEs for the particular subscriber group.
- Calculate gross receipts for the subscriber group. For further explanation of gross receipts see page (vii) of the instructions to the paper SA3 form.
- Compute a base rate fee for each subscriber group using the formula outline in block B of part 8 of this schedule preceding page. In making this computation, use the DSE and gross receipts figure applicable to the particular subscriber group (that is, the total DSEs for that group's complement of stations and total gross receipts from that group's subscribers in that group). You do not need to show your actual calculations on the form.

Guidance for Computing the Royalty Fee for Partially Permitted/Partially NonPermitted Signals

Step 1: Use part 9, block A, of the DSE Schedule to establish subscriber groups to compute the base partially permitted distant signals. Write "Permitted Signals" at the top of the page. Note: One or more subscriber groups may be partially distant.

Step 2: Use a separate part 9, block A, to compute the 3.75 percent fee for wholly nonpermitted and partially permitted signals. Write "Nonpermitted 3.75 stations" at the top of this page. Multiply the subscriber group gross revenue by .0375 and enter the grand total 3.75 percent fees on line 2, block 3, of space L. Important: The sum of the fees for each part 9 used in steps 1 and 2 must equal the amount reported in space K.

Step 3: Use part 9, block B, to compute a syndicated exclusivity surcharge for any wholly or partially permitted signals from step 1 that is subject to this surcharge.

Guidance for Computing the Royalty Fee for Carriage of Distant and Partially Distant Multicast Signals

Step 1: Use part 9, Block A, of the DSE Schedule to report each distant multicast stream of program that is a primary television broadcast signal. Only the base rate fee should be computed for each multicast stream. Syndicated Exclusivity Surcharge are not applicable to the secondary transmission of a multicast stream. You must report but not assign a DSE value for the retransmission of a multicast stream that is the subject of a carriage agreement entered into on or before June 30, 2009 between a cable system or an association representing the cable system and a transmitter or an association representing the primary transmitter.
