## DSE SCHEDULE. PAGE 11.

**COMPUTING THE BASE RATE FEE—PART 8 OF THE DSE****SCHEDULE**

Determine whether any of the stations you carried were partially distant—that is, whether you retransmitted the signal of one or more stations to subscribers located within the station's local service area and, at the same time, to other subscribers located outside that area.

- If none of the stations were partially distant, calculate your base rate fee according to the following rates—for the system's permitted DSEs as reported in block B, part 6 or from part 5, whichever is applicable.

First DSE	1.064% of gross receipts
Each of the second, third, and fourth DSEs	0.701% of gross receipts
The fifth and each additional DSE	0.330% of gross receipts

**PARTIALLY DISTANT STATIONS—PART 9 OF THE DSE SCHEDULE**

- If any of the stations were partially distant:

1. Divide all of your subscribers into subscriber groups depending on their location. A particular subscriber group consists of all subscribers who are distant with respect to exactly the same complement of stations.

2. Identify the communities/areas represented by each subscriber group.

3. For each subscriber group, calculate the total number of DSEs of that group's complement of stations.

If your system is located wholly outside all major and smaller television markets, give each station's DSEs as you gave them in parts 2, 3, and 4 of the schedule; or

If any portion of your system is located in a major or smaller television market, give each station's DSE as you gave it in block B, part 6 of this schedule.

4. Determine the portion of the total gross receipts you reported in space K (page 7) that is attributable to each subscriber group.

5. Calculate a separate base rate fee for each subscriber group, using (1) the rates given above; (2) the total number of DSEs for that group's complement of stations; and (3) the amount of gross receipts attributable to that group.

6. Add together the base rate fees for each subscriber group to determine the system's total base rate fee.

7. If any portion of the cable system is located in whole or in part within a major television market, you may also need to complete part 9, block B of the Schedule to determine the Syndicated Exclusivity Surcharge.

**What to Do If You Need More Space on the DSE Schedule.** There are no printed continuation sheets for the schedule. In most cases, the blanks provided should be large enough for the necessary information. If you need more space in a particular part, make a photocopy of the page in question (identifying it as a continuation sheet), enter the additional information on that copy, and attach it to the DSE schedule.

**Rounding Off DSEs.** In computing DSEs on the DSE schedule, you may round off to no less than the third decimal point. If you round off a DSE in any case, you must round off DSEs throughout the schedule as follows:

- When the fourth decimal point is 1, 2, 3, or 4, the third decimal remains unchanged (example: .34647 is rounded to .346).
- When the fourth decimal point is 5, 6, 7, 8, or 9, the third decimal is rounded up (example: .34651 is rounded to .347).

*The example below is intended to supplement the instructions for calculating only the base rate fee for partially distant stations. The cable system would also be subject to the Syndicated Exclusivity Surcharge for partially distant stations, if any portion is located within a major television market.*

<b>Worksheet for Computating the DSE Schedule for Permitted Part-Time and Substitute Carriage</b>	<b>Instructions:</b> You must complete this worksheet for those stations identified by the letter "F" in column 2 of block B, part 6 (i.e., those stations carried prior to June 25, 1981, under former FCC rules governing part-time and substitute carriage.) Column 1: List the call sign for each distant station identified by the letter "F" in column 2 of part 6 of the DSE schedule. Column 2: Indicate the DSE for this station for a single accounting period, occurring between January 1, 1978 and June 30, 1981. Column 3: Indicate the accounting period and year in which the carriage and DSE occurred (e.g., 1981/1). Column 4: Indicate the basis of carriage on which the station was carried by listing one of the following letters: (Note that the FCC rules and regulations cited below pertain to those in effect on June 24, 1981.) A—Part-time specialty programming: Carriage, on a part-time basis, of specialty programming under FCC rules, sections 76.59(d)(1), 76.61(e)(1), or 76.63 (referring to 76.61(e)(1)). B—Late-night programming: Carriage under FCC rules, sections 76.59(d)(3), 76.61(e)(3), or 76.63 (referring to 76.61(e)(3)). S—Substitute carriage under certain FCC rules, regulations, or authorizations. For further explanation, see page (vi) of the general instructions in the paper SA3 form. Column 5: Indicate the station's DSE for the current accounting period as computed in parts 2, 3, and 4 of this schedule. Column 6: Compare the DSE figures listed in columns 2 and 5 and list the smaller of the two figures here. This figure should be entered in block B, column 3 of part 6 for this station.  <b>IMPORTANT:</b> The information you give in columns 2, 3, and 4 must be accurate and is subject to verification from the designated statement of account on file in the Licensing Division.

<p><b>IMPORTANT:</b> It is no longer necessary to report television signals on a system-wide basis. Carriage of television broadcast signals shall instead be reported on a community-by-community basis (subscriber groups) if the cable system reported multiple channel line-ups in Space G.</p> <p><b>In General:</b> If any of the stations you carried were partially distant, the statute allows you, in computing your base rate fee, to exclude receipts from subscribers located within the station's local service area, from your system's total gross receipts. To take advantage of this exclusion, you must:</p> <p><b>First:</b> Divide all of your subscribers into subscriber groups, each group consisting entirely of subscribers that are distant to the same station or the same group of stations. Next: Treat each subscriber group as if it were a separate cable system. Determine the number of DSEs and the portion of your system's gross receipts attributable to that group, and calculate a separate base rate fee for each group.</p> <p><b>Finally:</b> Add up the separate base rate fees for each subscriber group. That total is the base rate fee for your system.</p> <p>NOTE: If any portion of your cable system is located within the top 100 television market and the station is not exempt in part 7, you must also compute a Syndicated Exclusivity Surcharge for each subscriber group. In this case, complete both block A and B below. However, if your cable system is wholly located outside all major television markets, complete block A only.</p> <p><b>How to Identify a Subscriber Group for Partially Distant Stations</b></p> <p><b>Step 1:</b> For each community served, determine the local service area of each wholly distant and each partially distant station you carried to that community.</p> <p><b>Step 2:</b> For each wholly distant and each partially distant station you carried, determine which of your subscribers were located outside the station's local service area. A subscriber located outside the local service area of a station is distant to that station (and, by the same token, the station is distant to the subscriber.)</p> <p><b>Step 3:</b> Divide your subscribers into subscriber groups according to the complement of stations to which they are distant. Each subscriber group must consist entirely of subscribers who are distant to exactly the same complement of stations. Note that a cable system will have only one subscriber group when the distant stations it carried have local service areas that coincide.</p> <p><b>Computing the base rate fee for each subscriber group:</b> Block A contains separate sections, one for each of your system's subscriber groups.</p> <p>In each section:</p> <ul style="list-style-type: none"> <li>• Identify the communities/areas represented by each subscriber group.</li> <li>• Give the call sign for each of the stations in the subscriber group's complement—that is, each station that is distant to all of the subscribers in the group.</li> <li>• If:             <ol style="list-style-type: none"> <li>1) your system is located wholly outside all major and smaller television markets, give each station's DSE as you gave it in parts 2, 3, and 4 of this schedule; or,</li> <li>2) any portion of your system is located in a major or smaller television market, give each station's DSE as you gave it in block B, part 6 of this schedule.</li> </ol> </li> <li>• Add the DSEs for each station. This gives you the total DSEs for the particular subscriber group.</li> <li>• Calculate gross receipts for the subscriber group. For further explanation of gross receipts see page (vii) of the general instructions in the paper SA3 form.</li> <li>• Compute a base rate fee for each subscriber group using the formula outline in block B of part 8 of this schedule on the preceding page. In making this computation, use the DSE and gross receipts figure applicable to the particular subscriber group (that is, the total DSEs for that group's complement of stations and total gross receipts from the subscribers in that group). You do not need to show your actual calculations on the form.</li> </ul>	<b>9</b>  <b>Computation of Base Rate Fee and Syndicated Exclusivity Surcharge for Partially Distant Stations, and for Partially Permitted Stations</b>

	<p><b>Guidance for Computing the Royalty Fee for Partially Permitted/Partially NonPermitted Signals</b></p> <p><b>Step 1:</b> Use part 9, block A, of the DSE Schedule to establish subscriber groups to compute the base rate fee for wholly and partially permitted distant signals. Write "Permitted Signals" at the top of the page. Note: One or more permitted signals in these subscriber groups may be partially distant.</p> <p><b>Step 2:</b> Use a separate part 9, block A, to compute the 3.75 percent fee for wholly nonpermitted and partially nonpermitted distant signals. Write "Nonpermitted 3.75 stations" at the top of this page. Multiply the subscriber group gross receipts by total DSEs by .0375 and enter the grand total 3.75 percent fees on line 2, block 3, of space L. Important: The sum of the gross receipts reported for each part 9 used in steps 1 and 2 must equal the amount reported in space K.</p> <p><b>Step 3:</b> Use part 9, block B, to compute a syndicated exclusivity surcharge for any wholly or partially permitted distant signals from step 1 that is subject to this surcharge.</p> <p><b>Guidance for Computing the Royalty Fee for Carriage of Distant and Partially Distant Multicast Streams</b></p> <p><b>Step 1:</b> Use part 9, Block A, of the DSE Schedule to report each distant multicast stream of programming that is transmitted from a primary television broadcast signal. Only the base rate fee should be computed for each multicast stream. The 3.75 Percent Rate and Syndicated Exclusivity Surcharge are not applicable to the secondary transmission of a multicast stream. You must report but not assign a DSE value for the retransmission of a multicast stream that is the subject of a written agreement entered into on or before June 30, 2009 between a cable system or an association representing the cable system and a primary transmitter or an association representing the primary transmitter.</p>
