Privacy Act Notice: Section 111 of Title 17 of the United States Code authorizes the Copyright Office to collect the personally identifying information (PII) requested on this form in order to process your statement of account. PII is any personal information that can be used to identify or trace an individual, such as name, address, and telephone numbers. By providing PII, you are agreeing to the routine use of it to establish and maintain a public record, which includes appearing in the Office's public indexes and in search reports prepared for the public. The effect of not providing the PII requested is that it may delay processing of your statement of account and its placement in the completed record of statements of account, and it may affect the legal sufficiency of the filing, a determination that would be made by a court of law.

Name	LEGAL NAME OF OWNER OF CABLE SYSTEM: STARPOWER COMMUNICATIONS					SYSTEM ID# 061112	
E Secondary Transmission Service: Subscribers and Rates	SECONDARY TRANSMISSION SERVICE: SUBSCRIBERS AND RATES In General: The information in space E should cover all categories of secondary transmission service of the cable system, that is, the retransmission of television and radio broadcasts by your system to subscribers. Give information about other services (including pay cable) in space F, not here. All the facts you state must be those existing on the last day of the accounting period (June 30 or December 31, as the case may be). Number of Subscribers: Both blocks in space E call for the number of subscribers to the cable system, broken down by categories of secondary transmission service. In general, you can compute the number of subscribers in each category by counting the number of billings in that category (the number of persons or organizations charged separately for the particular service at the rate indicated—not the number of sets receiving service). Rate: Give the standard rate charged for each category of service. Include both the amount of the charge and the unit in which it is generally billed. (Example: "\$20/mth"). Summarize any standard rate variations within a particular rate category, but do not include discounts allowed for advance payment. Block 1: In the left-hand block in space E, the form lists the categories of secondary transmission service that cable systems most commonly provide to their subscribers. Give the number of subscribers and rate for each listed category that applies to your system. Note: Where an individual or organization is receiving service that falls under different categories, that person or entity should be counted as a subscriber in each applicable category. Example: a residential subscriber who pays extra for cable service to additional sets would be included in the count under "Service to the first set" and would be counted once again under "Service to additional set(s)." Block 2: If your cable system has rate categories for secondary transmission service that are different from those printed in block 1 (for example, tiers of services that include one or more secondary transmissions), list them, together with the number of subscribers and rates, in the right-hand block. A two- or three-word description of the service is sufficient. Categories of service shall not be left blank. If a cable operator does not serve a specific category a "zero" or a "N/A" (not applicable) must be reported in the appropriate space.

J Part-Time Carriage Log	PART-TIME CARRIAGE LOG In General: This space ties in with column 5 of space G. If you listed a station's basis of carriage as "LAC" for part-time carriage due to lack of activated channel capacity, you are required to complete this log giving the total dates and hours your system carried that station. If you need more space, please attach additional pages. Column 1 (Call sign): Give the call sign of every distant station whose basis of carriage you identified by "LAC" in column 5 of space G. Column 2 (Dates and hours of carriage): For each station, list the dates and hours when part-time carriage occurred during the accounting period. • Give the month and day when the carriage occurred. Use numerals, with the month first. Example: for April 10 give "4/10." • State the starting and ending times of carriage to the nearest quarter hour. In any case where carriage ran to the end of the television station's broadcast day, you may give an approximate ending hour, followed by the abbreviation "app." Example: "12:30 a.m.– 3:15 a.m. app." • You may group together any dates when the hours of carriage were the same. Example: "5/10-5/14, 6:00 p.m.– 12:00 p.m."

GROSS RECEIPTS Instructions: The figure you give in this space determines the form you file and the amount you pay. Enter the total of all amounts (gross receipts) paid to your cable system by subscribers for the system's secondary transmission service (as identified in space E) during the accounting period. For a further explanation of how to compute this amount, see page (vii) of the general instructions. Gross receipts from subscribers for secondary transmission service(s) during the accounting period.			K Gross Receipts
IMPORTANT: You must complete a statement in space P concerning gross receipts. \$ 2,412,200.96 (Amount of gross receipts)			
COPYRIGHT ROYALTY FEE Instructions: Use the blocks in this space L to determine the royalty fee you owe: • Complete block 1, showing your minimum fee. • Complete block 2, showing whether your system carried any distant television stations. • If your system did not carry any distant television stations, leave block 3 blank. Enter the amount of the minimum fee from block 1 on line 1 of block 4, and calculate the total royalty fee. • If your system did carry any distant television stations, you must complete the applicable parts of the DSE Schedule accompanying this form and attach the schedule to your statement of account. ► If part 8, block A, of the DSE schedule was completed, the base rate fee should be entered on line 1 of block 3 below. ► If part 6 of the DSE schedule was completed, the amount from line 7 of block C should be entered on line 2 in block 3 below.			L Copyright Royalty Fee
Block 1	MINIMUM FEE: All cable systems with semiannual gross receipts of \$527,600 or more are required to pay at least the minimum fee, regardless of whether they carried any distant stations. This fee is 1.064 percent of the system's gross receipts for the accounting period. Line 1. Enter the amount of gross receipts from space K. \$ 2,412,200.96 Line 2. Multiply the amount in line 1 by 0.01064. Enter the result here. This is your minimum fee. \$ 25,665.82		
Block 2	DISTANT TELEVISION STATIONS CARRIED: Your answer here must agree with the information you gave in space G. If, in space G, you identified any stations as "distant" by stating "Yes" in column 4, you must check "Yes" in this block. • Did your cable system carry any distant television stations during the accounting period? ☐ Yes—Complete the DSE schedule. ☒ No—Leave block 3 below blank and complete line 1, block 4.		
Block 3	Line 1. BASE RATE FEE: Enter the base rate fee from either part 7, section 3 or 4, or part 8, block A of the DSE schedule. If none, enter zero. \$ - Line 2. 3.75 Fee: Enter the total fee from line 7, block C, part 6 of the DSE schedule. If none, enter zero. 0.00 Line 3. Add lines 1 and 2 and enter here. \$ -

3 Computation of DSEs for Stations Carried Part Time Due to Lack of Activated Channel Capacity	Instructions: CAPACITY Column 1: List the call sign of all distant stations identified by "LAC" in column 5 of space G (page 3). Column 2: For each station, give the number of hours your cable system carried the station during the accounting period. This figure should correspond with the information given in space J. Calculate only one DSE for each station. Column 3: For each station, give the total number of hours that the station broadcast over the air during the accounting period. Column 4: Divide the figure in column 2 by the figure in column 3, and give the result in decimals in column 4. This figure must be carried out at least to the third decimal point. This is the "basis of carriage value" for the station. Column 5: For each independent station, give the "type-value" as "1.0." For each network or noncommercial educational station, give the type-value as ".25." Column 6: Multiply the figure in column 4 by the figure in column 5, and give the result in column 6. Round to no less than the third decimal point. This is the station's DSE. (For more information on rounding, see page (viii) of the general instructions in the paper SA3 form.

7 Computation of Base Rate Fee	Instructions: You must complete this part of the DSE schedule for the SUM OF PERMITTED DSEs in part 6, block B; however, if block A of part 6 was checked "Yes," use the total number of DSEs from part 5. • In block A, indicate, by checking "Yes" or "No," whether your system carried any partially distant stations. • If your answer is "No," compute your system's base rate fee in block B. Leave part 8 blank. • If your answer is "Yes" (that is, if you carried one or more partially distant stations), you must complete part 8. Leave block B below blank. What is a partially distant station? A station is "partially distant" if, at the time your system carried it, some of your subscribers were located within that station's local service area and others were located outside that area. For the definition of a station's "local service area," see page (v) of the general instructions.

	IMPORTANT: It is no longer necessary to report television signals on a system-wide basis. Carriage of television broadcast signals shall instead be reported on a community-by-community basis (subscriber groups) if the cable system reported multiple channel line-ups in Space G. In General: If any of the stations you carried were partially distant, the statute allows you, in computing your base rate fee, to exclude receipts from subscribers located within the station's local service area, from your system's total gross receipts. To take advantage of this exclusion, you must: First: Divide all of your subscribers into subscriber groups, each group consisting entirely of subscribers that are distant to the same station or the same group of stations. Next: Treat each subscriber group as if it were a separate cable system. Determine the number of DSEs and the portion of your system's gross receipts attributable to that group, and calculate a separate base rate fee for each group. Finally: Add up the separate base rate fees for each subscriber group. That total is the base rate fee for your system. NOTE: If any portion of your cable system is located within the top 100 television market and the station is not exempt in part 7, you must also compute a Syndicated Exclusivity Surcharge for each subscriber group. In this case, complete both block A and B below. However, if your cable system is wholly located outside all major television markets, complete block A only. How to Identify a Subscriber Group for Partially Distant Stations Step 1: For each community served, determine the local service area of each wholly distant and each partially distant station you carried to that community. Step 2: For each wholly distant and each partially distant station you carried, determine which of your subscribers were located outside the station's local service area. A subscriber located outside the local service area of a station is distant to that station (and, by the same token, the station is distant to the subscriber.) Step 3: Divide your subscribers into subscriber groups according to the complement of stations to which they are distant. Each subscriber group must consist entirely of subscribers who are distant to exactly the same complement of stations. Note that a cable system will have only one subscriber group when the distant stations it carried have local service areas that coincide. Computing the base rate fee for each subscriber group: Block A contains separate sections, one for each of your system's subscriber groups. In each section: • Identify the communities/areas represented by each subscriber group. • Give the call sign for each of the stations in the subscriber group's complement—that is, each station that is distant to all of the subscribers in the group. • If: 1) your system is located wholly outside all major and smaller television markets, give each station's DSE as you gave it in parts 2, 3, and 4 of this schedule; or, 2) any portion of your system is located in a major or smaller television market, give each station's DSE as you gave it in block B, part 6 of this schedule. • Add the DSEs for each station. This gives you the total DSEs for the particular subscriber group. • Calculate gross receipts for the subscriber group. For further explanation of gross receipts see page (vii) of the general instructions in the paper SA3 form. • Compute a base rate fee for each subscriber group using the formula outline in block B of part 8 of this schedule on the preceding page. In making this computation, use the DSE and gross receipts figure applicable to the particular subscriber group (that is, the total DSEs for that group's complement of stations and total gross receipts from the subscribers in that group). You do not need to show your actual calculations on the form.		8 Computation of Base Rate Fee for Partially Distant Stations, and for Partially Permitted Stations
