

How to Make Statutory License Royalty Payments Using Pay.gov

A Tutorial

The U.S. Copyright Office is responsible for administering the statutory licenses for secondary transmissions of radio and television programs by cable and satellite systems and for importing, manufacturing, and distributing digital audio recording devices or media by digital audio recording technology (DART) manufacturers and importers. To comply with copyright statutory license requirements, cable systems, satellite carriers, and DART manufacturers and importers must file statements of account with the Copyright Office and pay royalty fees using an electronic funds transfer (EFT). Cable systems and satellite carriers are also required to pay a filing fee.

Remitters may use the U.S. Treasury Department's Pay.gov system to submit EFT payments. Using Pay.gov benefits both remitters and the Copyright Office. It ensures that the Office can receive, reconcile, and post payments in the same transaction. It also provides remitters with the convenience of using a credit or debit card as a form of payment. Most importantly, using Pay.gov eliminates the need for remitters to separately complete the remittance advice form. Instead, remitters provide the remittance advice form through Pay.gov at the same time they submit payments.

This tutorial complements **Circular 74**, which details the Pay.gov payment submission process.

Using Pay.gov requires remitters to complete the following steps:

1. All remitters must complete a Pay.gov form designed for the specific royalty type (cable, satellite, or DART). Once completed, this form is sent automatically to the Office's Licensing Section. Remitters are also required to attach a printout of the completed Pay.gov form and remittance advice form to corresponding statements of account submitted to the Office.
2. The cable system Pay.gov form requires remitters to fill in summary information by accounting year and period for all submitted statements of account. Cable remitters must also complete and upload a remittance advice form using the appropriate Excel spreadsheet template provided by the Office on the Pay.gov form, which asks for detailed information to allow the Copyright Office to link payments to the corresponding statements of account.
3. All remitters must submit payment for royalties and filing fees, as applicable, through an Automated Clearing House (ACH) transfer, debit card, or credit card.

Before You Begin

Retrieve your system identification number, which is a unique number assigned by the Licensing Section, to complete the EFT process.

- If you are a first-time remitter, you may use 00000 or 99999 as the system identification number in the ID Number field during the EFT process; upon receipt of the statement(s) of account, the Licensing Section will assign the identification number(s).
- Cable system remitters can find their system identification number by visiting the **Search LDS database** and searching by their company's legal name or first community.
- If you need additional assistance, contact the Licensing Section at **licensing@copyright.gov** or (202) 707-8150.

Contact your bank to determine if your account will accept an ACH debit or credit. The Federal Reserve Bank of Cleveland, 1455 East 6th St., Cleveland, OH, 44114, processes Pay.gov funds. Some banks require this information.

Refer to **Circular 76** for current filing fees for cable and satellite statements of account.

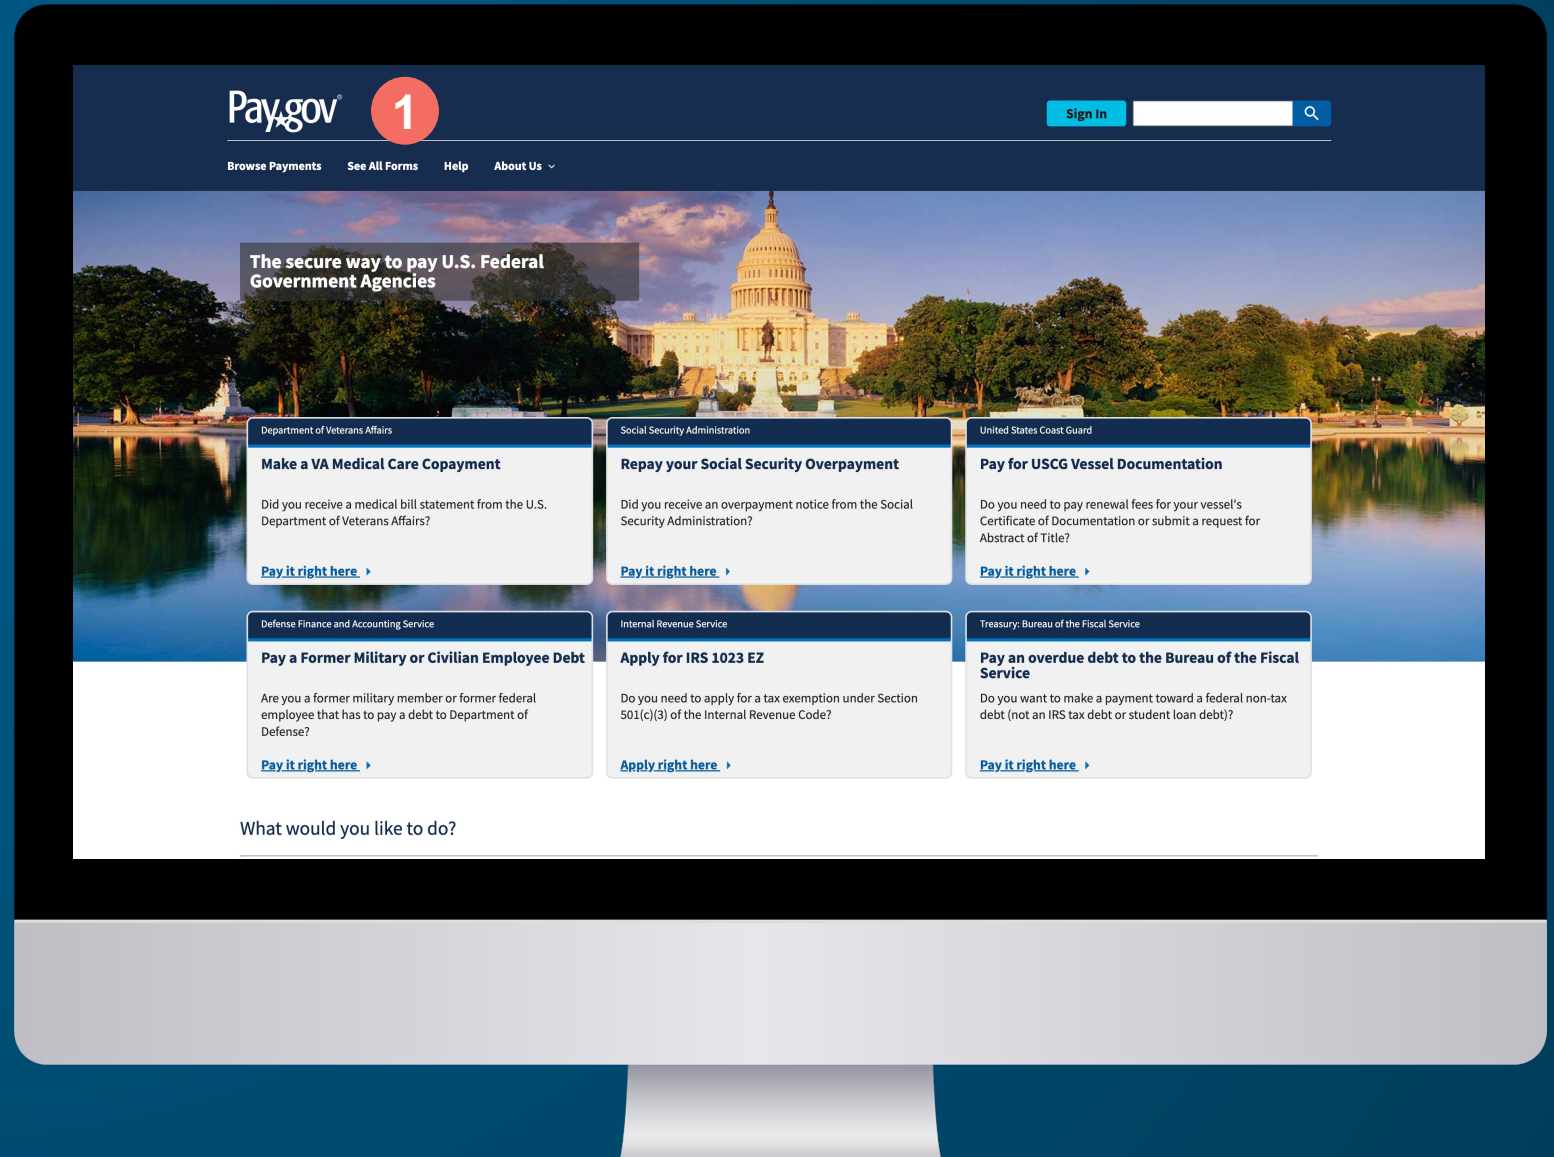

COMPLETING THE EFT PROCESS USING PAY.GOV

To begin the EFT process, remitters need to select the Pay.gov form that corresponds to their type of royalty payment (cable, satellite, or DART) and the payment method.

Go to the Pay.gov website, **www.Pay.gov**. For the best experience, use Google Chrome or Microsoft Edge.
