**Basic Search**   **Other Search Options**

Search for:  all of these    Search by:

AND    OR    NOT

Search for:  as a phrase    Search by:

       

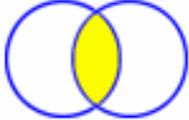

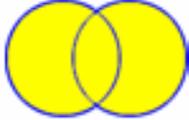

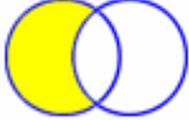

### Search Tips

1. **Optional** -- Set [Search Limits](#) **before** following the steps below.
2. **Search for:** -- Enter a word, several words, or a phrase in the box.
3. From the following drop-down menu, select **all of these**, **any of these** or **as a phrase** ("*all of these*" is the default, and is highly recommended).
4. **Search by:** -- Select an Index Name from the drop-down menu.
5. From the following radio buttons, select **AND**, **OR**, or **NOT** (boolean operators) to add more information to the search (see [Boolean Searching](#) help page for assistance).
6. Repeat steps 2, 3 and 4 to refine your search further by using the last set of fill-in blanks and menus.
7. Select the  button to get results.

# Boolean Searching

- Use Boolean operators to search for combinations of words or phrases. Enter Boolean operators (AND, OR, NOT) in either uppercase or lowercase
- Boolean operators **may** be used with the **Basic Search Command Keyword** or with **Other Search Options**.
- Boolean operators **may not** be used with the **Basic Search** types *Title, Name, Keyword, Registration Number or Document Number*

Concept	Search Examples	Retrieval Formula
AND	Rodgers AND Hammerstein "Civil war" AND Virginia rock AND roll	 Retrieves only records containing both terms.
OR	eighties OR 80s OR 1980s livin OR living email OR e-mail OR "electronic mail"	 Retrieves records containing either one or more terms.
NOT	Mexico NOT new jockey NOT disc "Civil war" NOT American	 Excludes records containing the second term.

# How to Use Boolean Operators

- **AND** narrows the search by requiring all terms to be found in the record
- **OR** broadens the search by retrieving records if one or more of the terms is present
- **NOT** excludes terms from the search (use carefully, because NOT may eliminate relevant material inadvertently)

# How to use "Other Search Options"

- Type a word or phrase in the "Search for:" box
- Select "all of these", "any of these", "as a phrase" from the drop-down list
  - "All of these": all of the words you type in the "Search for:" box must appear in the record
  - "Any of these": at least one of the words you type in the "Search for:" box will appear in the record
  - "As a phrase": the words you type in the "Search for:" box must appear in the record in the order typed
- Select an index name (Keyword anywhere is the default index and performs the broadest search)
- Click the "Begin Search" button to perform the search, OR
- Click AND, OR, NOT and fill in the next set of "Search for:" boxes

# Sample Search
