IDENTIFICATION OF CONTINUATION SHEET: This is a continuation of the application for copyright registration on Form D-VH. Identify the title of the work as it appears in Space 1 (i.e., make and model of the vessel) of Form D-VH:

Chandler Sectional River Boat, Model 3

A

Continuation
of Space 2

- (2a) What is the type or style of the design for which registration is sought?

Sections to be sold separately: bow, stern, midsection; matching bulkheads; external bulges designed to accept common ratchet-tightened cargo straps

- (2b) Provide a brief general statement setting forth the salient features of the design.

Universal bulkheads; external straps to join sections; holes evenly spaced along all gunwales to affix after-market tents, sun shades, rod holders, seats, rowlocks, sail-rigging, cargo covers. Bow cockpit to have raised rim. Main section sleeps 2, flat-floor, 90" x 47" open.

- (2c) If this design is derived from an earlier design, explain how that design has been revised, adapted, or rearranged.

Model 3 is designed to be paddled, rowed, motored, and sailed; it can be covered with a tent top to exclude sun, rain and insects. Each section is closed so that a leak in it will not flood into other sections; by adding additional mainsections one can configure barges; Model 3 can be folded and stored vertically on a ~~flat~~ flat surface.

Model 3 uses a flat-faced bow for smooth-water cruising; a vee-bow would be used for other conditions. The bow section has a raised cockpit lip for a deck cover or kayak-type skirt.

All bow and stern bulges are the same, using recessed strap roads that curve in a round half-circle as shown in Fig. 2 and Fig 3

The fore-part of the main section cross-gunwale serves also as a thwart and a deck brace for a mast.

The floor of the mainsection rests upon foam above water level. It is open and flat to accomodate chairs, bedding, wheelchairs and cargo.

The stern-section has an inleted motor-mount. The stern provides storage space for fuel, batteries, and a portable toilet.

4 photographs are presented: (A) shows Model 3 with oars, mast, yard arm, rowing seat, bowsprit, and front deck cover. (B) shows Model 3 folded up. (C) shows detail of strap joining/securing bow to mainsection. (D) shows joined sections, hinges at gunwales, front bow lip, dual oar configuration, rowing seat, external stowage of yard arm.
